MACHINERY PARTNER

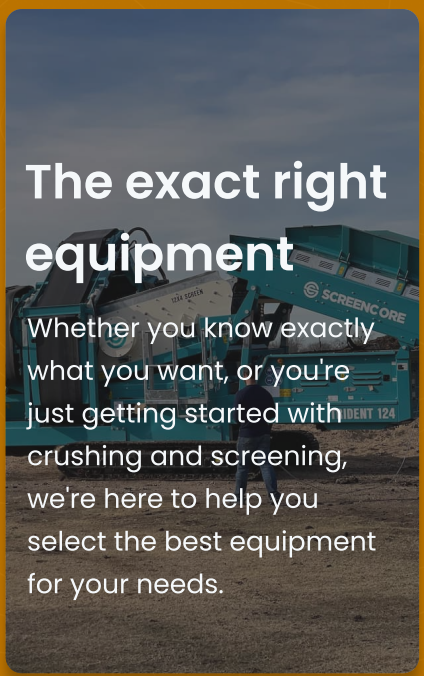
Why Machinery Partner?

Expertise. Equipment. Partnership

We've been **crushing rock and sifting dirt for decades.** We're not a dealership just selling what's on the lot, we're reinventing the way small and medium businesses grow their top and bottom line through world class, factory direct equipment, realistic financing and industry-specific expertise. With **real-time MP Support TM**, you'll be running 24/7.

We save our partners (you) time, frustration and big $$$.

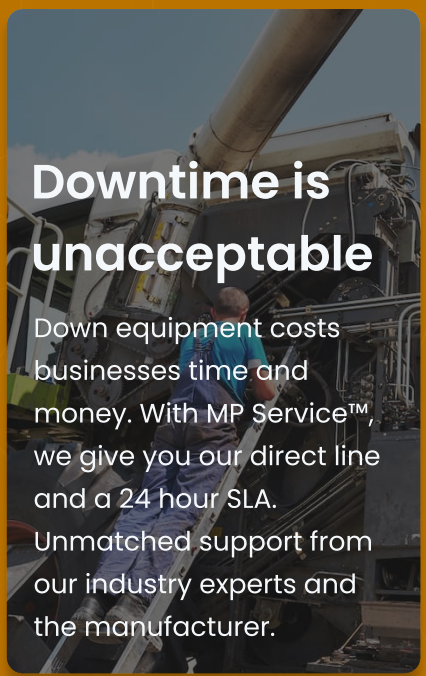


The exact right equipment

Whether you know exactly what you want, or you're just getting started with crushing and screening, we're here to help you select the best equipment for your needs.

Real finance for real people

Big banks don't get smaller businesses. We do. We take the stress out of finance and shop multiple lenders for you to get you the best deal possible. We work for you.



Downtime is unacceptable

Down equipment costs businesses time and money. With MP Service™, we give you our direct line and a 24 hour SLA. Unmatched support from our industry experts and the manufacturer.

ADD ONS THAT MATTER

Overband magnet

$7,000

Separate metal from your material. Take the rebar out of your CMD to sort your stockpiles and prevent damage to screeners and other machines working after your crusher.

Air brakes

$960

Add extra braking power to ease strain on your tractor when towing. Travel at faster speeds with more peace of mind with an upgraded braking system.

Detailed specifications

Jaw crusher
Apollo jaw
24" x 16" jaw crusher (600x400mm)
Corrugated jaw plates

Power
Direct drive PTO (min. 100HP tractor)
Eaton motors

Conveyor
Driven by Hydraulic motor
40' (1000mm) wide
Height and length adjustable once folded into position

Magnet
Built in optional overband magnet above conveyor

Controls
Full lever controls for jaw and conveyor

Working sizes
8.8m long x 2.8m wide x 3m high (28' 8" x 9' x 9' 7")

Transport sizes
6.3m long x 2.8m wide x 3m high (20' 5" x 9' x 9' 7")
Feed Height: 9' 7" (2.8m)
Stockpile; 7' 7" (2.4m)
Weight: 20 ,000 lbs (9,000 kg)

Always on...

24/7 MP SERVICE™

Downtime is simply unacceptable.

With 24/7 MP SERVICE™ we're reinventing how businesses are supported. To keep you crushing and screening, we have a network of service technicians across the country - techs are on site in hours, not days. "Been there. Done that." Industry experts are always available to answer your best practices questions or concerns.

Our commitment to you - we'll do everything it takes to get a down machine back up and running in under 48 hours. Critical parts are never more than a day away and ship directly from our Ohio warehouse.

Travis Farr

Aggregate Producer, Texas

Purchased Screencore Trident 124 Screener - Feb 21

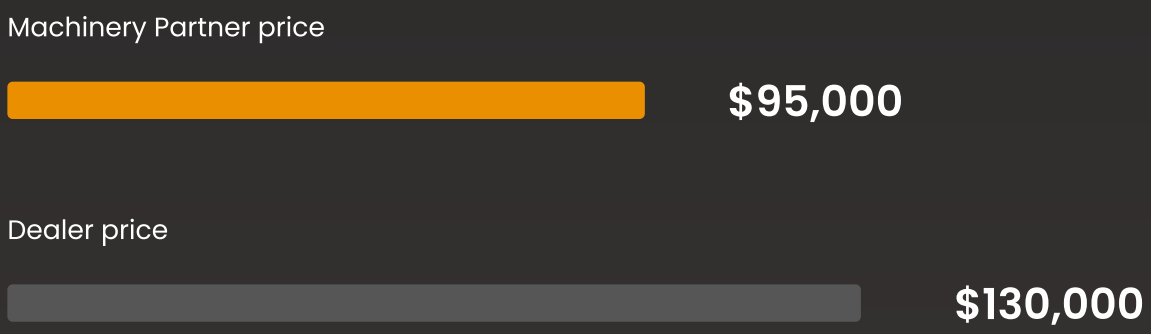
"We had a problem with an alternator on our machine, but once we got Machinery Partner on the phone, I knew we didn't have to worry about it. The machine was back up and running the next day."

A new way to buy equipment

Direct from the manufacturer

We've spent the last 15 years frustrated at how broken buying heavy equipment is. Traditional dealers take a huge margin, sell you just what's on the lot, and sales reps hunt for the deals with the largest commission, leaving smaller contractors high and dry.

We're not a "dealership". We actually care about your business.
We get you the right equipment. With the best price and financing. Everytime.
How? We're connected to the source.



With no intermediaries, our prices are 25% cheaper than a traditional dealership.
That means you could be saving almost $100,000 on this machine.
You'll save even more with our low monthly specialty financing.

Sound too good to be true? It's not!
We're just doing things differently - we care about how much you pay and your business.

Need a screener or conveyor to go along with your new crusher?

Crushers. Screeners. Conveyors. Covered

Bradford SR124 Screener

The largest mobile screener with a small enough footprint to transport permit free. It can even fit inside a standard 40' container.

from **$3,210**/month

Or $195,000

Bradford TR6536 Conveyor

The TR6536 is a tracked conveyor with a 65' by 36" belt. This conveyor is a great mid-sized option where you may want a good sized stockpile, but need to adjust your working area.

from **$1,570**/month

Or $95,000

Italdem GK Breaker range

Perfect for breaking down larger material into more manageable pieces which you can then process further or reuse as fill.

from **$70**/month

Or $4,000
