NEP Live Events

Welcome to the Grand Hôtel Studio in Stockholm! We are ready to facilitate your virtual event and let you communicate with your audience, no matter where they are in the world.

All made possible through live secured streaming, custom made interaction and on-demand technology. The Grand Hôtel Studio offers the technology and trained professionals to stream your production to your website, social media platforms or secured landing pages in real-time and on-demand. The studio may be used as a hybrid event studio, which means that a small live audience can participate on-site, while the main portion of the audience follows the event virtually online.

We offer:

- A fully equipped studio - ready to use
- Full HD 1080P production
- Live stream and/or on-demand webcast
- Trouble-free functionality on all viewer devices
- Interactive tools to communicate live with your audience
- Live link connections to additional geographic locations
- Professional support from planning to distribution
- Comfortable facilities

Only with Creative Technology:

- Full data analytics
- NEP Global connectivity
- All on one platform solution
- tecViz Software*

More details will be added soon.
