

32' DISHWASHING TRAILER

nickname: clean machine

Our 32' dishwashing trailer is an industrial scale asset capable of cleaning more than 14,000 dishes per hour that features a new efficient and reliable Hobart FT 1000 Flight Type dish machine, which only utilizes a final rinse rate of 58 gal/hr. Nicknamed 'Clean Machine,' the trailer features a 150 gal. hot water heater, stainless steel worktables and Ecolab chemical dispensers to ensure unencumbered production and optimal sanitation support for our industrial mobile kitchens.
