 **WIDE OPEN** co.

Mark a special occasion

With many special dates every calendar year, there are many opportunities to unveil your very own seat(s) of remembrance in your town.

Highlight a space for reflection

A seat of remembrance offers an opportunity for visitors to not just learn and admire the featured individuals, but to also sit and reflect, either on memories or a nearby memorial.

Feature your local heroes

Every town has its very own returned servicemen and servicewomen, either posthumous local heroes or renowned for decades of exemplary service. Here's an opportunity to remember them for generations to come.

HOW IT WORKS

Select and provide the hero portraits you would like memorialised, we will then get to work on creating a bespoke design that captures their essence, involving you from concept to production.
