Moz Recommends Fixing

Missing Description (13)

Why is this a high priority?

Meta descriptions are a very important factor in improving click-through rates on SERPs. In the absence of a meta description...

How to fix it:

Britney says: *The meta description should employ keywords in an intelligent and compelling way that encourages a searcher to click. Optimally, the...*

Description Too Long (13)

Why is this a high priority?

When your meta description is too long, it may get cut off by search engines and your click-through-rate could suffer.

How to fix it:

Britney says: *Reduce the length of your meta description. The ideal length is 55-300 characters.*

[Review](#) ↻

Title Too Short (12)

Why is this a high priority?

A really short title tag (especially one less than 10 characters) may not sufficiently describe the page to the user, and...

How to fix it:

Brian says: *We recommend a title length of 10-60 characters to ensure that customers see your full title. This will also ensure that search engines...*
