# Moz Recommends Fixing

### Missing Description (14)

**Why is this a high priority?**  
Meta descriptions are a very important factor in improving click-through rates on SERPs. In the absence of a meta description...

**How to fix it:**

 Britney says: *The meta description should employ keywords in an intelligent and compelling way that encourages a searcher to click. Optimally, the...*

### Title Too Short (13)

**Why is this a high priority?**  
A really short title tag (especially one less than 10 characters) may not sufficiently describe the page to the user, and...

**How to fix it:**

 Brian says: *We recommend a title length of 10-60 characters to ensure that customers see your full title. This will also ensure that search engines...*

### Description Too Long (13)

**Why is this a high priority?**  
When your meta description is too long, it may get cut off by search engines and your click-through-rate could suffer.

**How to fix it:**

 Britney says: *Reduce the length of your meta description. The ideal length is 55-300 characters.*
