Late last year we introduced a new crowdfunding campaign, Give Local South Puget Sound. We featured 50 of our grants on an online giving platform and asked the community to help fund these important local projects. We heard from many of you that you loved the opportunity to learn about so many organizations doing important work in our region.

We believe the "community" in community foundation means inspiring people of all means to get involved in their community—and Give Local did just that. Donors and nonprofits told us they loved Give Local for the chance to be part of something bigger than themselves. We are so pleased to share the results of Give Local's success last year and to announce

that it's back for 2018! This year Give Local will take place from October 31 through November 20.
