Craft - Pikachu Ears Headband

Do you enjoy dressing up for Halloween? What costumes have you worn in the past? Which one was your favorite? What do you want to dress as this year? Many people love to dress up for Halloween. But have you ever stopped to WONDER where this tradition came from? Follow the link below to get answers to that question and more <https://www.wonderopolis.org/wonder/whats-your-favorite-halloween-costume>

Take a picture of yourself with your Pikachu Ears Headband and add it to our comments!!

Materials:

- Craft Foam- Yellow and Black
- Piece of Ribbon
- Glue Stick
- Hole Punch
- Scissors
- Pen

Directions:

1. Start with your yellow craft foam and cut a 1 ½" wide strip down the length of your foam sheet. This can be either 12" or 18" long depending on what size foam sheet you have. This will be the headband for your Pikachu ears. Then punch a hole on each end of the yellow strip with your hole punch. Set aside.
2. Make the Pikachu ears! Using your yellow craft foam and pen, draw one Pikachu ear onto the foam and cut it out, it should be around 8" tall and it definitely helps to look at a picture of Pikachu. After you have cut out your first ear, flip it over to trace the second ear onto your craft foam as the ears look best when they are symmetrical. Cut the second ear out.
3. Make the ear tips- Use the black craft foam to make two black tips for Pikachu's ears. Take one of your yellow Pikachu ears, and trace around the top 2" of the ear shape onto the black foam, you will make two of these and cut them out. You will want to then cut it diagonally across the bottom, paying attention to the fact that these diagonal cuts need to mirror each other so the ears stay symmetrical. Again, looking at a picture of Pikachu helps.
4. Glue your black ear tips onto the Pikachu ears with your glue stick.
5. Glue the ears onto the headband and let dry for at least 10 minutes. For this step it works best to find the center of your yellow headband piece, and glue each ear to the back portion of the headband about 2" away from the center, this can vary depending on the age of the child.
6. Now to try it on! Take your ribbon and thread it through the two holes you punched in the headband and tie it together. That's it!

Virtual Exploration - Scary Godmother: Halloween Spooktacular

Scary Godmother is the whimsical all-ages story that follows the first trick-or-treating adventure of Hannah Marie, a young girl whose rotten older cousin is babysitting her one dark Halloween.
