

## **Community Message Regarding COVID-19**

The health and safety of our staff and the community visiting the tennis facilities we manage, including the Coronation Centre community room at Prince Alfred Park, is our number one concern and priority. We are following the latest advice from the Australian Government and NSW Health to keep the community safe.

Currently all of our centres are open so please continue to use the tennis facilities for your health and enjoyment practising good hygiene per the advice provided by health authorities.

A few updates: we are no longer hiring tennis racquets or providing them to children to use in kids classes. Please bring your own to use or purchase a racquet from the pro-shop at Prince Alfred Park. We have children's racquets for only \$25.00 and adult ones for \$50. Children's classes will continue to the end of Term 1 per usual. We are not accepting cash at the proshop in Surry Hills and will not be re-filling water bottles from our staff sink. Please do not enter our work space areas.

Our coaches and cleaning staff have been re-trained in the latest COVID-19 health information and know how to practise good hygiene and cleaning of equipment. They are advised not to come to work if they have any symptoms of a respiratory illness. We implemented many additional rigorous cleaning practises to our regular procedures and are following them diligently.

**You must self-isolate/quarantine yourself for 14 days upon arrival from overseas. Please stay home if you or your children are experience:**

- **fever**
- **cough**
- **sore throat**
- **runny nose**
- **difficulty breathing**

Should you, a family member or your child(ren) suspect you have symptoms of COVID-19 please contact a doctor or call Healthdirect on 1800 022 222 immediately.

If you have any questions please feel free to contact our Member Protection Officer, Marita Morgan via E: [marita@citycommunitytennis.com.au](mailto:marita@citycommunitytennis.com.au)

Please visit the Australian Government and NSW Health websites for the latest health alerts and follow health advice on the following pages. Stay well!
