What to expect

Participating in a Roxy Expedition will test you in every possible way.

The rowing schedule for much of the time will be 12 hours of rowing per person per day, broken into two hour shifts. This is a tough schedule and is mentally and physically exhausting.

Living in close quarters with 11 other recently befriended rowers in a small vessel and unable to see land can also be emotionally challenging. This isolation is one reason why these expeditions are very unique but not necessarily suited to everyone.

Rowing across an entire ocean under your own power is a fantastic achievement and you will look back on the adventure with great pride. On the way, you will overcome many challenges, both physically, mentally and socially. But the memories and friendships made along the way will hopefully last a lifetime.

Dates & Venues

Departure from the Canary Islands late February 2022, arriving in Caribbean mid April.
Exact departure and arrival locations to be confirmed.

Accommodation

All nights will be spent on board Roxy during the row. In adverse weather, there are up to 12 berths in close quarters on board. (The only reason for all 12 berths to be used at the same time would be in violent conditions). Rowers are required to bring their own sleeping bag.

Accommodation in the Canaries and Caribbean at the start and end of the row are not included in the package. Rannoch Adventure will work with the team to secure accommodation for anyone who wishes.

Meals

All expedition meals and snacks are provided. Drinking water is available on the boat (via a water maker). Rowers may bring a limited amount of personal snacks if they wish, although plenty of food will be available.

Safety & Medical

- There are 2x professional Rannoch Adventure staff on board for the duration of the row (a skipper and a co-skipper).
- All on board safety equipment is provided.
- First aid kits and non-prescription medical supplies are available on the boat.
- The Rannoch Adventure skipper and co-skipper hold all required qualifications to lead this expedition.
- No smoking or drinking alcohol is allowed on or near Roxy.

We will have a 'Meals & Medical Meeting' in advance to ensure everyone's dietary and medical requirements are provided for.

Training and Fitness

The fitter you are, the more you will enjoy the expedition and the faster we will row across the ocean!

General Fitness

- You should be a strong swimmer, ideally being able to swim 100 metres fully clothed. Please certify yourself.
- In advance of a row of this nature, we suggest a minimum 16 week personal training programme which mixes erg work with dynamic exercise (ideally cycling but swimming, aerobics, yoga are all good too).
- Two sessions per day would be ideal – 45 minutes in the morning, an hour in the evening.
- A combination of high intensity exercise with prolonged endurance exercise is recommended.

We suggest rowers build their own programme bearing the above in mind and subject to their current level of fitness. We strongly advise rowers use a qualified personal trainer for any more specific advice.

Ocean Rowing Training Programme

All participants are required to attend the full training programme, some of which could take place on weekdays. If you live abroad, we will do our best to schedule the training to avoid multiple journeys although a minimum of 3 trips to Burnham over 6 months should be expected.

- Stage 1: 1 day on a Rannoch Explorer including a 1-1 with Charlie
- Stage 2: 1 day training on Roxy (2 x 4 hour sessions with lunch ashore in between)
- Stage 3: A 12 hour row in Roxy
- Stage 4: A 36 hour row in Roxy (over a weekend)

5 Day Shore Based Ocean Rowing Course –

This is a comprehensive shore based course which is mandatory for anyone rowing an ocean. On successful completion, you will be awarded:

- RYA First Aid Certificate
- RYA Sea Survival
- VHF SRC Marine Radio Operator's Certificate (SRC)
- RYA Essential Navigation (NAV)

This course is run by our partner, Dawn Wood of Aurora Sea School.

Social Media

All social media posts relating to the expedition should be written in a positive manner and in the spirit of the Roxy programme. The following hashtags should be used whenever possible: #rowwithrannoch, #roxyexpeditions and @RannochAdventure should be tagged in all posts relating to the row.

Sponsorship & Fundraising

We fully support any of our team of rowers gaining sponsorship or raising monies for charitable causes.

We can offer each rower space on the boat for one sponsor / charity logo (300x300mm). These will sit along the side of the boat and we have space for a maximum of 10 logos, 5 each side.

Each rower will be given a Roxy branded t-shirt and fleece but they are welcome to wear other branded clothing to support their sponsors / charities during the expedition.
