What To Expect

Participating in a Roxy Expedition will test you in every possible way.

The rowing schedule for much of the time will be 12 hours of rowing per person per day, broken into two hour shifts. This is a tough schedule and is mentally and physically exhausting.

Living in close quarters with 11 other recently befriended rowers in a small vessel and unable to see land can also be emotionally challenging. This isolation is one reason why these expeditions are very unique but not necessarily suited to everyone.

Rowing across an entire ocean under your own power is a fantastic achievement and you will look back on the adventure with great pride. On the way, you will overcome many challenges, both physically, mentally and socially. But the memories and friendships made along the way will hopefully last a lifetime.

Dates & Venues

This expedition will depart around 5th December 2021 (exact date of departure will be weather dependent) from Tenerife and arrive in Falmouth Harbour, Antigua. You will need to arrive in Tenerife ready for final preparations by Sunday 27th November 2021.

Accommodation

All nights will be spent on board Roxy during the row and rowers are required to bring their own sleeping bags. In adverse weather, there is space for all 12 rowers in the cabins.

Meals

All expedition meals and snacks are provided. Drinking water is available on the boat (via a water maker). Rowers may bring a limited amount of personal snacks if they wish, although plenty of food will be available.

Safety & Medical

- There are 2x professional Rannoch Adventure staff on board for the duration of the row (a skipper and a co-skipper).
- All on board safety equipment is provided.
- First aid kits and non-prescription medical supplies are available on the boat.
- No smoking or drinking alcohol is allowed on or near Roxy.

Training and Fitness

The fitter you are, the more you will enjoy the expedition and the faster we will row across the ocean!

General Fitness

- You should be a strong swimmer, ideally being able to swim 100 metres fully clothed. Please certify yourself.
- In advance of a row of this nature, we suggest a minimum 16 week personal training programme which mixes erg work with dynamic exercise (ideally cycling but swimming, aerobics, yoga are all good too).
- Two sessions per day would be ideal – 45 minutes in the morning, an hour in the evening.
- A combination of high intensity exercise with prolonged endurance exercise is recommended.

We suggest rowers build their own programme bearing the above in mind and subject to their current level of fitness. We strongly advise rowers use a qualified personal trainer for any more specific advice.

Ocean Rowing Training Programme

All participants are expected to attend the full training programme, some of which could take place on weekdays. Training dates are set out below.

- Session 1: **05-11 September 2021, in Burnham on Crouch**
- Session 2: **28 November – 2 December 2021, in Tenerife**

Session 2 includes a comprehensive shore based course which is mandatory for anyone rowing an ocean. This will comprise First Aid, Sea Survival & Essential Navigation.

Social Media

All social media posts relating to the expedition should be written in a positive manner and in the spirit of the Roxy programme. The following hashtags should be used whenever possible: #rowwithrannoch, #roxyexpeditions and @RannochAdventure should be tagged in all posts relating to the row.

Sponsorship & Fundraising

We fully support any of our team of rowers gaining sponsorship or raising monies for charitable causes. We can offer each rower space on the boat for one sponsor / charity logo (300x300mm). These will sit along the side of the boat and we have space for a maximum of 10 logos, 5 each side. Each rower will be given a Roxy branded t-shirt and fleece but they are welcome to wear other branded clothing to support their sponsors / charities during the expedition.
