Frequently

Always

Occasionally

If you scored:

3 to 6:	You might occasionally eat more than you would like, but it does not appear to be a result of high responsiveness to environmental cues. Controlling the reasons that make you eat may be especially helpful.
7 to 9:	You may have a moderate tendency to eat just because food is available. Having a meal plan may be easier for you if you try to resist external cues and eat only when you are becoming physically hungry.
10 to 15:	Some or most of your eating may be in response to thinking about food or exposing yourself to temptations to eat. Think of ways to minimize your exposure to temptations so that you eat only in response to physical hunger. (And not waiting until you are 'starving' as this can lead to over-indulging as well)

Section 3: Control Overeating

If the following situations occurred while you were following a meal plan, would you be likely to eat more, less, or no different?

Although you packed or had your lunch planned, a friend talks you into going out to lunch.

1 2 3 4 5

You have been following your meal plan faithfully and decide to test yourself by eating something you consider a treat.

Section 3 TOTAL SCORE

If you scored:

•••	you sooreu.	
	3 to 7:	You recover rapidly from "going off-track". However, if you frequently alternate between eating out of control and dieting strictly, you may have a disordered eating pattern and should seek professional guidance.
	8 to 11:	You do not seem to let unplanned eating disrupt your program. This is a flexible, balanced approach.
	12 to 15:	You may be prone to overeat after an event breaks your control or throws you off track. Let's focus on your reactions to these problem-causing events or 'barriers to success' as they can be improved.

Section 4: Binge Eating and Purging

Aside from holiday feasts, have you ever eaten a large amount of food rapidly and felt afterward that this eating incident was excessive and out of control?

2 0 Yes No

If you answered yes above, how often have you engaged in this behavior during the last 12 months?

Have you ever purged (used laxatives, diuretics, induced vomiting, or excessive exercise [>2 hours/day]) to control your weight?

Section 4 TOTAL SCORE

If you scored:

DATE:	

0 to 1:	It appears that binge eating, and purging, is not a current concern. (Please discuss this in a judgment-free zone with our program's dietitian if you did not want to record any of the above behaviors on paper)
2 to 9:	Pay attention to these eating patterns. Should they arise more frequently, please seek professional help. Treatment options can be discussed with your primary care provider, DECO physicians, or our program's dietitian.
10 to 16:	These results show signs of a potentially serious eating disorder or disordered eating pattern. Please discuss with your primary care provider, DECO physicians, or our program's dietitian to find a counselor experienced in this area.

Section 5: Emotional Eating

Never	Rarely	Occasionally	Frequently	Always	

Section 5 TOTAL SCORE_____

If you scored:

,	
3 to 8:	You do not appear to let your emotions affect your eating.
9 to 11:	You sometimes eat in response to emotional highs and lows. Monitor this behavior to learn when and why it occurs and be prepared to find alternative activities.
12 to 15:	Emotional ups and downs can stimulate your eating. Try to deal with feelings that trigger the eating and find other ways to express them.

Section 6 TOTAL SCORE_____

If you scored:

4 to 10:	You're probably not exercising as regularly as you should. Determine whether your attitude and feelings about exercise are blocking your way, then change what you must and put on those walking shoes.
11 to 16:	You need to feel more positive about exercise, so you can do it more often. Think of ways increase activity that are fun and fit your lifestyle.
17 to 20:	It looks like you are motivated to get and/or stay active! Plan for barriers that may come up to maintain this focus.

Side Effects Possible from a Modified Very Low-Calorie Diet People on a very low-calorie diet may experience mild, temporary side effects

reopie on a very low-calorie diet may experience mild, temporary side effects as their body adjusts to the diet. Notify the dietitian or see your primary care doctor about any symptoms that persist or concern you. Side effects may include:
Dizziness - As you begin losing weight, you lose a lot of water as urine. This lowers blood volume and, hence blood pressure. To minimize dizziness, avoid changing positions quickly; don't use whirlpools, saunas or steam baths; and <u>drink plenty of water</u> .
☐ Fatigue, Dry Skin, Sensitivity to Cold - These are generally mild and can be treated with extra rest, lotions/creams and extra clothing.
☐ 'Fruity' Breath – Ketosis is NOT our goal but may occur and temporarily give your breath a fruity odor, if this does occur, we will correct it.
☐ Gallstones - Tell the dietitian about any symptoms or history of gallstones; you may require additional tests or treatment while on this program.
☐ Gastrointestinal Upset - Changing from solid foods to a mostly liquid diet may cause constipation/diarrhea. Over the counter medications are available for either condition. In addition, your medical team can add a Fulfill Fiber product to your meal plan to help relieve constipation.
☐ Hair Loss - A small percentage of patients may experience patchy hair loss 3-6 months into the diet. Frequently, new hair grows as old hair is lost.
Leg Cramps - Drinking more fluids or increasing electrolytes can often relieve occasional or mild leg cramps. Your physician should evaluate any leg pain you are experiencing.
☐ Menstrual Irregularities - Dietary changes may cause delayed or missed periods. Women who miss a period or have a late period should be tested for pregnancy.
Patient Commitment
I realize that losing weight will require a great deal of time and effort on my part; I wish to participate in the DECO Healthy Living Program. I understand that this program is medically monitored for weight loss and weight management.
☐ I understand that my goal is to lose weight and to keep it off. I agree to participate in all phases of the program – Active Weight Loss, Adapting and Maintenance (S.T.A.R.).
☐ I must meet medical and psychological screening requirements established by the DECO Healthy Living team. If medical complications unrelated to weight loss arise during the program, I understand that I will be referred back to my private physician.
☐ I understand that I must weigh in weekly. If I must miss a week, I will notify the dietitian 1 week before. Emergency situations will be excused.
☐ I understand that maintaining weight loss is in the BEST INTEREST OF MY HEALTH and will follow up with maintenance visits as decided on.
☐ I will make the commitment to understand and practice the lifestyle changes presented in the DECO Healthy Living Program.
☐ If I find myself having difficulty, I will not hesitate to contact the DECO Dietitian (Jennifer) for assistance.

Authorization for Examination and Treatment

Initials	Commitments
	Having been explained the risks and benefits of the DECO Healthy Living Program, a medically monitored program for rapid, safe weight loss and complete education to help manage weight, I knowingly and voluntarily desire to participate in the Program.
	I am aware that I must meet medical and psychological screening requirements established by the DECO Healthy Living Team before entering the Program.
	I hereby authorize and consent to have the DECO Healthy Living Program physicians to order complete physical and diagnostic procedures including blood tests, electrocardiogram (EKG), and possible a stress test and/or chest radiography for evaluation purposes. I have had and will have the opportunity to ask questions regarding the diagnostic procedures and my health.
	As part of the DECO Healthy Living Program, continuous medical monitoring is mandatory. Consequently, upon acceptance into the Program, I willingly agree to have this monitoring performed (blood tests, periodic EKG and other tests as indicated).
	I am aware during the weight loss period possible side effects may occur from a modified very low-calorie intake. Possible ketosis is an increased amount of fat by-products (ketone bodies) in the body due to altered nutrient composition of the diet (low carbohydrate). If this occurs, I will discuss with the program's dietitian to modify my meal plan. Other side effects include dizziness, fatigue, leg cramps, missed or late menstrual periods, dry skin, temporary hair loss, sensitivity to cold, diarrhea, and/or constipation.
	If medical complications unrelated to weight loss arise during the Program, I am fully aware I will be referred to my private physician.
	(if applicable) I recognize that if I should become pregnant my participation in the Program must be terminated.

Financial Policy

Insurance Information

As a courtesy to our patients, we will file claims to your insurance(s). Please note, your health insurance is a contract between you and your insurance company, so it is your responsibility as the patient to make sure our physicians are covered under your plan. All insurance companies do not carry the same benefits so the services rendered to you in this office may or may not be covered. It is the patients' responsibility to know what is covered and if you need a referral.

- 1. A valid insurance card must be presented at each visit. If you do not have an insurance card with you and you are unable to obtain a copy prior to your appointment, you MUST provide a valid copy of your insurance card within 30 days. Failure to provide a valid and active insurance card within 30 days will result in patient being billed for the full amount of services rendered.
- 2. Co-pays are due at the time of service. If you do not have the co-pay amount, this may be billed to you.
- 3. LAB SERVICES: Quest Diagnostics (lab office at DECO) bills for all traditional Medicare, Medicaid, Tricare, Champva, Caresource, Molina, Aetna, UHC, Oscar, Medigold, and Anthem insurances. Quest will bill for all services rendered in the lab and patient is responsible to pay Quest in a timely manner.
- 4. **OUT OF NETWORK INSURANCES**: If your insurance is out of network with our office or providers, you are financially responsible for payment of all rendered services at DECO. It is your responsibility to know this information, please contact your insurance carrier for a list of all in-network providers/facilities.

Dietitian Services

Patients who are participating in the DECO Healthy Living Program will be charged a \$14 service fee for ALL visits (virtual and in-office) plus the cost of product. We do bill your insurance for the medical monitoring and labs required for the program. For patients who wish to see the dietitian for only nutrition counseling services (including meal planning, carb counting, recipe review, etc.) your insurance will be billed. Most insurance companies will pay for a percentage of nutrition counseling services, you will be responsible for any portion that is not covered by your insurance company. For patients who attend group classes with our Registered Dietitian, your insurance will be billed for the class; however, we will not pass along any additional charge to the patient. Patients who no-show their visit with the Dietitian, or have re-occurring late cancellations, will be charged a no-show fee up to \$25. Patients with Medicare must have a diagnosis of diabetes to schedule appointments for nutrition counseling.

Self-Pay/Private-Pay Patients

All patients without insurance must pay for the visits at the time of service. Copies of the self-pay rates will be available upon request. This applies to patients who DO NOT have any insurance. We do not offer self-pay or private-pay rates to patients with insurance.

Statements

Patient balance statements are generated and sent to patients approximately every 30 days. Patients will receive a text message, an email, and a paper statement. Patients can opt-out of paper statements. Patients can pay online, over the phone, or by mail. We kindly request prompt payments as accounts with balances over 90 days old may be flagged for collections and dismissal.

Payment Arrangements

Under special circumstances payment arrangements can be made with our billing department. They can be contacted at 614-764-0707. Ask to speak with the billing department. Payment plan payments are processed on the 15th of each month.

Financial Agreement

The responsible party agrees to pay any amount that is allowed but not paid by the insurance company, within 90 days. Failure to keep your account current may result in suspension of treatment or in the termination of the patients' relationship with the practice and providers. Unpaid accounts will be sent to a collection. We accept cash, check, MasterCard®, Visa®, American Express® and Discover®. Checks that are returned as Non-Sufficient Funds will be assessed a \$25.00 returned check fee.

I have read and fully understand the above policy.

Dietitian Services Cancellation and No-Show Policy

We understand that situations arise in which you must cancel your appointment. It is therefore requested that if you must cancel your appointment, you **provide more than 24 hours' notice**. This will enable another person who is waiting for an appointment to be scheduled in that appointment slot. When cancellations are made with less than 24 hours' notice, we are unable to offer that slot to other patients.

Consistent occurrences of any three of the following: no shows, late arrivals, or same day cancellations may lead to a discharge from the program. No show appointments or appointments which are cancelled less than 24 hours in advance will be subject to a 'no-show' fee up to \$25 (this fee is for dietitian services only. No-show and late cancellations fees defer for other appointments with DECO). This will be strictly enforced for any reoccurring no show appointments.

Patients who do not show up for their appointment without a call to cancel the appointment will be considered as NO SHOW. The cancellation and no-show fees are the sole responsibility of the patient and must be paid in full by the patient's next appointment.

We understand that special unavoidable circumstances may cause you to cancel within 24 hours. Fees in this instance may be waived but only with the program director's approval. Our program firmly believes that good staff/patient relationship is based upon understanding and good communication.

Questions about cancellation and no-show fees should be directed to the program director at 614-764-0)707

Privacy Notice

THIS NOTICE DESCRIBES HOW YOUR MEDICAL INFORMATION MAY BE USED/ DISCLOSED AND HOW YOU CAN GET ACESS TO THIS INFORMATION.

This Notice of Privacy Policy describes how we may use and disclose your protected health information (PHI) to carry out treatment, payment or health care operations (TPO) and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected Health Information" is information about you, including demographic information, that may identify you and that relates to your past, present, or future physical or mental health or condition and related health care services.

Uses and Disclosures of Protected Health Information

Your protected health information may be used and disclosed by your physician, our office staff, and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the physician's practice, and any other use required by law.

<u>Treatment</u>: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, we would disclose your protected information as necessary, to a home health agency that provides care to you. For example, your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

<u>Payment</u>: Your protected health information will be used as needed to obtain payment for your health care services. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare Operations: We may use or disclose, as needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment activities, employee review activities, training of medical students, licensing, and conducting or arranging for other business activities. For example, we may disclose your protected health information to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We may use your protected health information in the following situations without your authorization. These situations include as required by law public health issues as required by law, communicable diseases, health oversight, abuse or neglect; Food and Drug Administration requirements; legal proceedings; law enforcement; coroners; funeral directors and organ donation, research; criminal activity; military activity and national security, and workers compensation.

Required Uses and Disclosures: Under the law, we must make disclosures to you and when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of section 164.500. Other Permitted and Required Uses and Disclosures will be made only with your consent, authorization or opportunity to object unless required by law.

Your Rights: The following is a statement of your rights with respect to your protected health information.

You have the right to inspect and copy your protected health information. Under Federal law, however, you may not inspect or copy the following records: psychotherapy notes, information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and protected health information that is subject to law that prohibits access to protected health information.

You have the right to request a restriction of your protected health information. This means you may ask us not to use or disclose any part of your protected health information for the purposes of treatment, payment, or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply. Your physician is not required to agree to a restriction that you may request. If the physician believes it is in your best interest to permit use and disclosure of your protected health information, your protected health information will not be restricted. You then have the right to use another healthcare professional.

You have the right to request to receive confidential communications from us by alternative mean or at an alternative location. You have the right to obtain a paper copy of this notice from us, upon request, even if you have agreed to accept this notice alternatively (i.e., electronically).

You have the right to have your physician amend your protected health information. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of such rebuttal.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information.

We reserve the right to change the terms of this notice and will inform you by mail of any changes. You then have the right to object or withdraw as provided in this notice.

Complaints

You may complain to us of the Secretary of Health and Human Services if you believe your privacy rights have been violated by us. You may file a complaint with us by notifying our privacy contact of your complaint. We will not retaliate against you for filing a complaint.

This notice was published and became effect on April 14, 2003

We are required by law to maintain the privacy of, and provide individuals with, this notice of our legal duties and privacy practices with respect to protected health information. If you have any objections to this form, please ask to speak with our HIPAA Compliance Officer in person or at our main phone number.
