Please fax, e-mail, or mail paperwork at least 48 hours before appointment

Fax: 614-764-1707

Email: DecoDietitian@gmail.com

Mail: DECO, Inc. 7281 Sawmill Road | Dublin, Ohio 43016

If you have any questions regarding this paperwork or your visit, please contact our office at (614)764-0707

We are here to assist you Mon – Wed 7:30am-3:30pm, Thurs 8:00am-5:00pm, and Fri 7:30am-2:30pm

****Please be sure to complete all applicable pages in this packet****

Weight and Nutrition History Questionnaire****Please skip any questions that are not relevant to your needs (i.e. if you are not seeing the dietitian for weight loss)****Have you seen a Registered Dietitian before? ☐ Yes ☐ No How recently? _____What is your reason for seeing DECO's Registered Dietitian? ☐ Weight loss needs ☐ Weight gain needs ☐ Carb counting education☐ To gain general nutritional health knowledge ☐ Recent diagnosis and confusion with diet needs/changes (diagnosis: _____)☐ Other _____

How did you learn about or were referred to DECO's dietitian? _____

Current Height: _____ Current weight? _____

Have you lost or gained any weight in the last year? ☐ Yes ☐ No If yes, How much (gain or loss?) _____

Goal weight (not required) _____ Highest weight in last 5 years? _____ Lowest weight in last 5 years? _____

Please list any current vitamins/minerals, herbs, or supplements not on above medications list (if all are listed skip this question):

Please list any food allergies (i.e., shellfish, dairy, wheat)

Please list any food *intolerances* (i.e., lactose, sugar alcohols, sugar alternatives, etc.):

Please note *strongly disliked* foods:

Are you currently or regularly experiencing symptoms of: ☐ Nausea ☐ Vomiting ☐ Diarrhea ☐ Constipation ☐ Gas ☐ RefluxDo you follow a special diet? ☐ None ☐ 'Diabetic' ☐ Low carb ☐ Gluten Free ☐ Low Salt ☐ Vegetarian ☐ Vegan ☐ Heart healthy☐ Other _____How many meals do you eat daily? _____ Do you eat a snack(s) during the day? ☐ Yes ☐ No ☐ "Graze" all day long

Number of meals eaten out per week? _____ Are these most often sit down, take out, fast food, or a combination? _____

What meal is normally eaten out? ☐ Breakfast ☐ Lunch ☐ Dinner Are these meals with family or friends? ☐ Yes ☐ No ☐ Sometimes

Do you consume alcohol?

☐ Yes ☐ No Type consumed? ☐ Wine ☐ Beer ☐ Liquor Frequency? ☐ <1x/month ☐ 2x/month ☐ Weekly ☐ DailyHave you made attempts to "diet", follow a meal plan, or partake in a weight loss program? ☐ Yes ☐ No How many? _____

What is the longest you have stayed on a personalized diet plan or been with a weight loss program?

☐ 0-2 months ☐ 3-6 months ☐ 7-12 months ☐ Over 12 months

What weight loss or diet change methods have you tried in the last 5 years?

☐ Weight Watchers ☐ Food logging ☐ Weight Loss Medications ☐ Other Diet Centers ☐ Physicians ☐ Do It Yourself ☐ Other _____

If applicable, why have you discontinued the above methods of weight change?

If applicable, which weight loss/ diet change method do/did you consider most successful, and, what accounted for this success?

(If applicable) How important is it to you to lose weight?

☐ Extremely Important ☐ Very Important ☐ Important ☐ Not Very Important ☐ N/A

(If applicable) Why do you want to lose or gain weight?

☐ Promote social activity ☐ Appearance ☐ Special Occasion ☐ Health Reasons ☐ To Please Others ☐ Other _____

Social/Environmental History

Marital Status? ☐ Single ☐ Married ☐ Divorced ☐ Widowed ☐ Living with partner Who does majority of groceries/ cooking? _____

Do you feel supported in your goals? ☐ Yes ☐ No

Number of children (if applicable): _____ Ages? _____ Do they live in your household? ☐ Yes ☐ No ☐ Part-time

Do You work outside of the home? ☐ Yes ☐ No ☐ Work from home

Occupation? _____

How often do you exercise? ☐ Rarely ☐ Occasionally ☐ 1-2 times per week ☐ 3-4 times per week ☐ 5 or more times per week

Type of exercise you do: _____

Length of time: _____

Has a doctor or other health care professional ever told you not to exercise? ☐ Yes ☐ No

Do you know any reason why you should not exercise? ☐ Yes ☐ No If yes why? _____

Are you presently going through any major lifestyle change (marriage, divorce, job change, move, illness, death of a loved one?)

Do you suffer of have ever suffered from depression, anxiety, insomnia, or disordered sleep patterns? (PLEASE Specify)

Do you or have you ever experienced disordered eating patterns? (i.e. anorexia, bingeing, and/or purging) ☐ Yes ☐ No

If yes to above, is this a current concern? ☐ Yes ☐ No

Have you in the past -or- are you currently seeking treatment? ☐ Yes ☐ No

STOP- If the DECO Healthy Living Weight Loss Program is **not** the reason you are seeing the dietitian today, please skip the following section and move on to the **Financial Policy on page 8**

DECO HEALTHY LIVING QUESTIONNAIRE: please circle/ highlight the answer that best describes how you feel.

Section 1: Goals and Attitudes

Compared to previous attempts, how motivated are you to lose weight this time?

1	2	3	4	5
Not At All Motivated	Slightly Motivated	Somewhat Motivated	Quite Motivated	Extremely Motivated

How certain are you that you will stay committed to a weight loss program for the time it will take to reach your goal?

1	2	3	4	5
Not At All Certain	Slightly Certain	Somewhat Certain	Quite Certain	Extremely Certain

Consider all outside factors currently in your life (the stress you're feeling at work, your family obligations, etc). To what extent can you tolerate the effort required to stick to a meal plan?

1	2	3	4	5
Cannot Tolerate	Uncertain	Can Tolerate Somewhat	Can Tolerate Well	Can Tolerate Easily

Think honestly about how much weight you hope to lose and how quickly you hope to lose it. Figuring a weight loss of 0.5 to 2 pounds per week while on the FULL Healthy Living program, how realistic is this expectation to you?

1	2	3	4	5
Very Unrealistic	Somewhat Unrealistic	Unsure (But I'm willing to try!)	Somewhat Realistic	Very Realistic

If going on a meal plan, do you fantasize or get cravings for a lot of your favorite foods?

1	2	3	4	5
Always	Frequently	Occasionally	Rarely	Never

When starting on a meal plan, do you feel deprived, angry and/or upset?

1	2	3	4	5
Always	Frequently	Occasionally	Rarely	Never

Section 1 TOTAL SCORE _____

If you scored:

6 to 16:	This may not be a good time for you to start a weight loss program. Low motivation and commitment together with unrealistic goals could block your progress. Think about and address possible barriers and consider how you may change them before undertaking a formal weight loss program. Consider starting with Nutrition Counseling only.
17 to 23:	You may be close to being ready to begin a program but should think about ways to boost your preparedness before you begin. Try making a list of pros vs. cons for starting a formal weight loss program or list <i>reasons</i> to lose weight for YOU. You may also start with Nutrition Counseling as it may be a helpful option for you at this time.
24 to 30:	You may be ready to start our weight loss program after your consultation with our dietitian!

Section 2: Hunger and Eating Cues

When food comes up in conversation, in something you read, or on TV, do you want to eat even if you are not hungry?

1	2	3	4	5
Never	Rarely	Occasionally	Frequently	Always

How often do you eat because of physical hunger? (i.e., listening to your personal hunger and fullness cues?)

1	2	3	4	5
Always	Frequently	Occasionally	Rarely	Never

Do you have trouble controlling your intake/ portion when your favorite foods are around the house?

1	2	3	4	5
Never	Rarely	Occasionally	Frequently	Always

Section 2 TOTAL SCORE _____

If you scored:

3 to 6:	You might occasionally eat more than you would like, but it does not appear to be a result of high responsiveness to environmental cues. Controlling the reasons that make you eat may be especially helpful.
7 to 9:	You may have a moderate tendency to eat just because food is available. Having a meal plan may be easier for you if you try to resist external cues and eat only when you are becoming physically hungry.
10 to 15:	Some or most of your eating may be in response to thinking about food or exposing yourself to temptations to eat. Think of ways to minimize your exposure to temptations so that you eat only in response to physical hunger. (And not waiting until you are 'starving' as this can lead to over-indulging as well)

Section 3: Control Overeating

If the following situations occurred while you were following a meal plan, would you be likely to eat more, less, or no different?

Although you packed or had your lunch planned, a friend talks you into going out to lunch.

1	2	3	4	5
Would Eat Much Less	Would Eat Somewhat Less	Would Make No Difference	Would Eat Somewhat More	Would Eat Much More

You "break" your meal plan by eating a less ideal, "forbidden" food. (*note: there are no 'forbidden foods' just moderation and healthier choices*)

1	2	3	4	5
Would Eat Much Less	Would Eat Somewhat Less	Would Make No Difference	Would Eat Somewhat More	Would Eat Much More

You have been following your meal plan faithfully and decide to test yourself by eating something you consider a treat.

1	2	3	4	5
Would Eat Much Less	Would Eat Somewhat Less	Would Make No Difference	Would Eat Somewhat More	Would Eat Much More

Section 3 TOTAL SCORE _____

If you scored:

3 to 7:	You recover rapidly from "going off-track". However, if you frequently alternate between eating out of control and dieting strictly, you may have a disordered eating pattern and should seek professional guidance.
8 to 11:	You do not seem to let unplanned eating disrupt your program. This is a flexible, balanced approach.
12 to 15:	You may be prone to overeat after an event breaks your control or throws you off track. Let's focus on your reactions to these problem-causing events or 'barriers to success' as they can be improved.

Section 4: Binge Eating and PurgingAside from holiday feasts, have you ever eaten a large amount of food rapidly and felt afterward that this eating incident was excessive and out of control?

2	0
Yes	No

If you answered yes above, how often have you engaged in this behavior during the last 12 months?

1	2	3	4	5	6
Less Than Once A Month	About Once A Month	A Few Times A Month	About Once A Week	About Three Times A Week	Daily

Have you ever purged (used laxatives, diuretics, induced vomiting, or excessive exercise [>2 hours/day]) to control your weight?

2	0
Yes	No

If you answered yes above, how often have you engaged in this behavior during the last 12 months?

1	2	3	4	5	6
Less Than Once A Month	About Once A Month	A Few Times A Month	About Once A Week	About Three Times A Week	Daily

Section 4 TOTAL SCORE _____

If you scored:

0 to 1:	It appears that binge eating, and purging, is not a current concern. <i>(Please discuss this in a judgment-free zone with our program's dietitian if you did not want to record any of the above behaviors on paper)</i>
2 to 9:	Pay attention to these eating patterns. Should they arise more frequently, please seek professional help. Treatment options can be discussed with your primary care provider, DECO physicians, or our program's dietitian.
10 to 16:	These results show signs of a potentially serious eating disorder or disordered eating pattern. Please discuss with your primary care provider, DECO physicians, or our program's dietitian to find a counselor experienced in this area.

Section 5: Emotional Eating

Do you eat more than you would like to when you experience anxiety, depression, anger, or loneliness?

1 2 3 4 5
 Never Rarely Occasionally Frequently Always

Do you have trouble controlling your eating when you have positive feelings - do you celebrate feeling good by eating?

1 2 3 4 5
 Never Rarely Occasionally Frequently Always

When you have unpleasant interactions with others in your life, or after a difficult day at work, do you eat more than you'd like?

1 2 3 4 5
 Never Rarely Occasionally Frequently Always

Section 5 TOTAL SCORE _____

If you scored:

3 to 8:	You do not appear to let your emotions affect your eating.
9 to 11:	You sometimes eat in response to emotional highs and lows. Monitor this behavior to learn when and why it occurs and be prepared to find alternative activities.
12 to 15:	Emotional ups and downs can stimulate your eating. Try to deal with feelings that trigger the eating and find other ways to express them.

Section 6: Exercise Patterns and Attitudes

How often do you exercise?

1 2 3 4 5
 Never Rarely Occasionally Somewhat Frequently

How confident are you that you can exercise regularly?

1 2 3 4 5
 Not At All Slightly Somewhat Highly Completely
 Confident Confident Confident Confident Confident

22. Does the thought of exercise elicit a positive or negative picture in your mind?

1 2 3 4 5
 Completely Somewhat Neutral Somewhat Completely
 Negative Negative Positive Positive

23. How certain are you that you can work regular exercise into your daily schedule?

1 2 3 4 5
 Not At All Slightly Somewhat Quite Extremely
 Certain Certain Certain Certain Certain

Section 6 TOTAL SCORE _____

If you scored:

4 to 10:	You're probably not exercising as regularly as you should. Determine whether your attitude and feelings about exercise are blocking your way, then change what you must and put on those walking shoes.
11 to 16:	You need to feel more positive about exercise, so you can do it more often. Think of ways increase activity that are fun and fit your lifestyle.
17 to 20:	It looks like you are motivated to get and/or stay active! Plan for barriers that may come up to maintain this focus.

STOP - The page is only for individuals interested in knowing more or starting the DECO Healthy Living Weight Loss Program, if you are not, please move on to the **Financial Policy on page 8**

Side Effects Possible from a Modified Very Low-Calorie Diet

People on a very low-calorie diet may experience mild, temporary side effects as their body adjusts to the diet. Notify the dietitian or see your primary care doctor about any symptoms that persist or concern you. Side effects may include:

- ☐ **Dizziness** - As you begin losing weight, you lose a lot of water as urine. This lowers blood volume and, hence blood pressure. To minimize dizziness, avoid changing positions quickly; don't use whirlpools, saunas or steam baths; and drink plenty of water.
- ☐ **Fatigue, Dry Skin, Sensitivity to Cold** - These are generally mild and can be treated with extra rest, lotions/creams and extra clothing.
- ☐ **'Fruity' Breath** - Ketosis is NOT our goal but may occur and temporarily give your breath a fruity odor, if this does occur, we will correct it.
- ☐ **Gallstones** - Tell the dietitian about any symptoms or history of gallstones; you may require additional tests or treatment while on this program.
- ☐ **Gastrointestinal Upset** - Changing from solid foods to a mostly liquid diet may cause constipation/diarrhea. Over the counter medications are available for either condition. In addition, your medical team can add a Fulfill Fiber product to your meal plan to help relieve constipation.
- ☐ **Hair Loss** - A small percentage of patients may experience patchy hair loss 3-6 months into the diet. Frequently, new hair grows as old hair is lost.
- ☐ **Leg Cramps** - Drinking more fluids or increasing electrolytes can often relieve occasional or mild leg cramps. Your physician should evaluate any leg pain you are experiencing.
- ☐ **Menstrual Irregularities** - Dietary changes may cause delayed or missed periods. Women who miss a period or have a late period should be tested for pregnancy.

Patient Commitment

I realize that losing weight will require a great deal of time and effort on my part; I wish to participate in the DECO Healthy Living Program. I understand that this program is medically monitored for weight loss and weight management.

- ☐ I understand that my goal is to lose weight and to keep it off. I agree to participate in all phases of the program – Active Weight Loss, Adapting and Maintenance (S.T.A.R.).
- ☐ I must meet medical and psychological screening requirements established by the DECO Healthy Living team. If medical complications unrelated to weight loss arise during the program, I understand that I will be referred back to my private physician.
- ☐ I understand that I must weigh in weekly. If I must miss a week, I will notify the dietitian 1 week before. Emergency situations will be excused.
- ☐ I understand that maintaining weight loss is in the BEST INTEREST OF MY HEALTH and will follow up with maintenance visits as decided on.
- ☐ I will make the commitment to understand and practice the lifestyle changes presented in the DECO Healthy Living Program.
- ☐ If I find myself having difficulty, I will not hesitate to contact the DECO Dietitian (Jennifer) for assistance.

Authorization for Examination and Treatment

Initials	Commitments
	Having been explained the risks and benefits of the DECO Healthy Living Program, a medically monitored program for rapid, safe weight loss and complete education to help manage weight, I knowingly and voluntarily desire to participate in the Program.
	I am aware that I must meet medical and psychological screening requirements established by the DECO Healthy Living Team before entering the Program.
	I hereby authorize and consent to have the DECO Healthy Living Program physicians to order complete physical and diagnostic procedures including blood tests, electrocardiogram (EKG), and possible a stress test and/or chest radiography for evaluation purposes. I have had and will have the opportunity to ask questions regarding the diagnostic procedures and my health.
	As part of the DECO Healthy Living Program, continuous medical monitoring is mandatory. Consequently, upon acceptance into the Program, I willingly agree to have this monitoring performed (blood tests, periodic EKG and other tests as indicated).
	I am aware during the weight loss period possible side effects may occur from a modified very low-calorie intake. Possible ketosis is an increased amount of fat by-products (ketone bodies) in the body due to altered nutrient composition of the diet (low carbohydrate). If this occurs, I will discuss with the program's dietitian to modify my meal plan. Other side effects include dizziness, fatigue, leg cramps, missed or late menstrual periods, dry skin, temporary hair loss, sensitivity to cold, diarrhea, and/or constipation.
	If medical complications unrelated to weight loss arise during the Program, I am fully aware I will be referred to my private physician.
	(if applicable) I recognize that if I should become pregnant my participation in the Program must be terminated.

Diabetes & Endocrinology Center of Ohio (DECO), Inc.**Financial Policy****Insurance Information**

As a courtesy to our patients, we will file claims to your insurance(s). Please note, your health insurance is a contract between you and your insurance company, so it is your responsibility as the patient to make sure our physicians are covered under your plan. All insurance companies do not carry the same benefits so the services rendered to you in this office may or may not be covered. It is the patients' responsibility to know what is covered and if you need a referral.

1. **A valid insurance card must be presented at each visit.** If you do not have an insurance card with you and you are unable to obtain a copy prior to your appointment, you MUST provide a valid copy of your insurance card within 30 days. Failure to provide a valid and active insurance card within 30 days will result in patient being billed for the full amount of services rendered.

2. **Co-pays are due at the time of service.** If you do not have the co-pay amount, this may be billed to you.

3. **LAB SERVICES: Quest Diagnostics** (lab office at DECO) bills for all traditional Medicare, Medicaid, Tricare, Champva, Caresource, Molina, Aetna, UHC, Oscar, Medigold, and Anthem insurances. Quest will bill for all services rendered in the lab and patient is responsible to pay Quest in a timely manner.

4. **OUT OF NETWORK INSURANCES:** If your insurance is out of network with our office or providers, you are financially responsible for payment of all rendered services at DECO. It is your responsibility to know this information, please contact your insurance carrier for a list of all in-network providers/facilities.

Dietitian Services

Patients who are participating in the DECO Healthy Living Program will be charged a \$14 service fee for ALL visits (virtual and in-office) plus the cost of product. We do bill your insurance for the medical monitoring and labs required for the program. For patients who wish to see the dietitian for only nutrition counseling services (including meal planning, carb counting, recipe review, etc.) your insurance will be billed. Most insurance companies will pay for a percentage of nutrition counseling services, you will be responsible for any portion that is not covered by your insurance company. For patients who attend group classes with our Registered Dietitian, your insurance will be billed for the class; however, we will not pass along any additional charge to the patient. Patients who no-show their visit with the Dietitian, or have re-occurring late cancellations, will be charged a no-show fee up to \$25. Patients with Medicare must have a diagnosis of diabetes to schedule appointments for nutrition counseling.

Self-Pay/Private-Pay Patients

All patients without insurance must pay for the visits at the time of service. Copies of the self-pay rates will be available upon request. **This applies to patients who DO NOT have any insurance. We do not offer self-pay or private-pay rates to patients with insurance.**

Statements

Patient balance statements are generated and sent to patients approximately every 30 days. Patients will receive a text message, an email, and a paper statement. Patients can opt-out of paper statements. Patients can pay online, over the phone, or by mail. We kindly request prompt payments as accounts with balances over 90 days old may be flagged for collections and dismissal.

Payment Arrangements

Under special circumstances payment arrangements can be made with our billing department. They can be contacted at 614-764-0707. Ask to speak with the billing department. Payment plan payments are processed on the 15th of each month.

Financial Agreement

The responsible party agrees to pay any amount that is allowed but not paid by the insurance company, within 90 days. Failure to keep your account current may result in suspension of treatment or in the termination of the patients' relationship with the practice and providers. Unpaid accounts will be sent to a collection. We accept cash, check, MasterCard®, Visa®, American Express® and Discover®. Checks that are returned as Non-Sufficient Funds will be assessed a \$25.00 returned check fee.

I have read and fully understand the above policy.

Dietitian Services Cancellation and No-Show Policy

We understand that situations arise in which you must cancel your appointment. It is therefore requested that if you must cancel your appointment, you **provide more than 24 hours' notice**. This will enable another person who is waiting for an appointment to be scheduled in that appointment slot. When cancellations are made with less than 24 hours' notice, we are unable to offer that slot to other patients.

Consistent occurrences of any three of the following: no shows, late arrivals, or same day cancellations may lead to a discharge from the program. **No show appointments or appointments which are cancelled less than 24 hours in advance will be subject to a 'no-show' fee up to \$25 (this fee is for dietitian services only. No-show and late cancellations fees defer for other appointments with DECO).** *This will be strictly enforced for any reoccurring no show appointments.*

Patients who do not show up for their appointment without a call to cancel the appointment will be considered as NO SHOW. The cancellation and no-show fees are the sole responsibility of the patient and must be paid in full by the patient's next appointment.

We understand that special unavoidable circumstances may cause you to cancel within 24 hours. Fees in this instance may be waived but only with the program director's approval. Our program firmly believes that good staff/patient relationship is based upon understanding and good communication.

Questions about cancellation and no-show fees should be directed to the program director at 614-764-0707.
