INDEPENDENT AUDITORS' REPORT

To The Board of Commissioners
North Berwyn Park District
Berwyn, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the North Berwyn Park District as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the North Berwyn Park District, as of December 31, 2017, and the respective changes in financial position and cash flows, where applicable, thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and certain pension disclosures be presented to supplement the financial statements. Such information, although not part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The major fund budgetary comparison schedules listed on the table of contents are not a required part of the financial statements but are supplementary information required by the Governmental Accounting Standards Board. This Required Supplementary Information has been subjected to the auditing procedures applied in the audit of the financial statements for the year ending December, 31, 2017 and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the North Berwyn Park District basic financial statements. The combining and individual fund financial schedules for the year ended December 31, 2017 listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The combining and individual fund financial schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated in all material respects in relation to the financial statements taken as a whole.

The statistical information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Knuttle & Associates, P.C.

North Berwyn Park District Management's Discussion and Analysis December 31, 2017

Introduction

The Park District's management discussion and analysis (MD&A) provides an overview of the District's financial activities for the year ended December 31, 2017. Please read it as a narrative introduction to the financial statements that follow. This report is designed to assist the reader in focusing on significant financial issues, provide an overview of the District's financial activity, identify changes in the District's financial position, identify any material deviations from the approved budget and identify individual fund issues or concerns.

The MD&A is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Financial Highlights

- Government-wide net position decreased by \$288,374 in the current year while fund balance in the governmental funds decreased by \$229,408 in the current year.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the District's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements and (3) notes to the financial statements. The District also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The District's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the *Statement of Net Position*. This is the District-wide statement of position presenting information that includes all of the District's assets and liabilities, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating.

Evaluation of the overall health of the District would extend to other non-financial factors such as diversification of the taxpayer base or the condition of the District's infrastructure in addition to the financial information provided in this report.

**North Berwyn Park District
Management's Discussion and Analysis (Continued)
December 31, 2017**

The second government-wide statement is the *Statement of Activities* that reports how the District's net position changed during the current fiscal period. All current period revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on revenues provided by the District's taxpayers.

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. The District has one fund that is considered a business-type activity (16th Street Theater).

The government-wide financial statements are presented on pages 8 - 9 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the period. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the general fund and major special revenue funds. Budgetary comparison schedules for other special revenue funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the District's adopted annual appropriated budget.

The basic governmental fund financial statements are presented on pages 10 - 12 of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the District charges customers a fee. There are two kinds of proprietary funds. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the District organization such as the 16th Street Theater. Internal service funds provide services to customers within the District's organization. The District does not use internal service funds at this time.

**North Berwyn Park District
Management's Discussion and Analysis (Continued)
December 31, 2017**

Proprietary fund statements provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements but with more detail for major enterprise funds.

The basic proprietary fund financial statements are presented on pages 13 - 15 of this report.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 16 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The supplementary information includes detail of the District's assessed valuations, which can be found on page 59 of this report.

Major funds are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 50.

Government-wide Financial Analysis

The District implemented the GASB 34 financial reporting model beginning with the fiscal year ended June 30, 2004. As of December 31, 2017, the District's combined net position was \$4,084,933 which includes \$2,902,007 investment in capital assets, net of related debt. This represents a \$288,374 decrease in net assets over the prior year. For the year ended December 31, 2017, the total revenues were \$1,709,110 while the total expenses were \$1,997,484 which included \$102,054 of interest on long term debt.

Financial Analysis of the District's Funds

Governmental Funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$1,611,853 a decrease of \$229,408 from the prior year. Of this year-end total, \$125,111 is considered non-spendable, \$280,519 is restricted for specific purposes, \$1,305,980 is assigned for specific purposes, and a deficit of \$(99,757) is unassigned.

Business-Type Activities

The Business-type activities decreased the district's net position by \$976.

**North Berwyn Park District
Management's Discussion and Analysis (Continued)
December 31, 2017**

Major Governmental Funds

The General, Recreation, Special Recreation, Liability Insurance, Capital Projects, and Debt Service funds are the primary operating funds of the District.

The fund balance of the General Fund as of December 31, 2017 balance was \$(16,943), a positive increase of \$21,744 from the prior year. The Recreation fund balance was \$(3,024) a decrease of \$161,999 from the prior year. The Capital Project fund balance was \$1,305,980, a decrease of \$115,247 from the prior year. The Debt Service fund balance was \$140,310, an increase of \$14,008 from the prior year.

Proprietary Funds

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

The District currently has one proprietary fund, the 16th Street Theater Fund. The 16th Street Theater had operating income of \$150,206 and operating expenses of \$151,182 in 2017.

General Fund Budgetary Highlights

The General Fund is reported as a major fund, and accounts for the routine park operations of the District. Revenues in the general fund were \$347,497, which was \$23,583 over budget. Expenditures were \$325,753, which was \$1,839 over budget. The net budget variance was a favorable \$21,744. The fund balance increased to \$(16,943) at the end of the year from \$(38,687) of the prior year.

Capital Asset and Debt Administration

Capital Assets

The District's investment in capital assets, net of accumulated depreciation for governmental activities as of December 31, 2017 was \$4,123,235. This was a result of additions of \$21,158 and depreciation expense of \$213,715.

Debt Administration

The Park District issued new debt of \$169,100 and retired debt of \$298,935 during the year ended December 31, 2017, and has general obligation bond issues outstanding of \$2,486,565. The fund balance of the Debt Service Fund amounted to \$140,310 as of December 31, 2017

Contacting the District's Financial Management

This financial report is designed to provide a general overview of the District's finances, comply with finance related laws and regulations and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, please contact Joseph Vallez, the Director, for the North Berwyn Park District located at 1619 Wesley Avenue, Berwyn, Illinois 60402.

Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances (Deficits) of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2017

Net Change in Fund Balances - Total Governmental Funds
Statement of Revenues, Expenditures and Changes in Fund Balances (Deficits) \$ (229,408)

Amounts reported for governmental activities in the Statement of Activities are different because:

Depreciation of capital assets is not considered an expenditure in the fund financial statements.	(213,715)
Purchase of capital assets is considered an expenditure in the fund financial statements.	21,158
Property tax revenues in the Statement of Activities that do not provide current financial resources are reported as deferred property tax revenue in the fund financial statements.	13,117
The change in accrued vacation is not considered an expenditure in the fund financial statements.	(1,548)
The change in the net pension liability is not considered an expenditure in the fund financial statements.	(112,239)
Adjustments for the IMRF plan year are not considered an expenditure in the fund financial statements.	101,404
Bond proceeds are considered an other financing source in the fund financial statements.	(169,100)
Debt payments are considered an other financing use in the fund financial statements.	298,935
The issuance of long-term debt in the prior years resulted in items that were reported as current financial resources in the governmental funds. However, these amounts are being amortized in the government-wide statements:	
Amortization of Premium on Bond Issue	4,433
Amortization of Discount on Bond Issue	(1,046)
The change in accrued interest expense is not considered an expenditure in the fund financial statements.	<u>611</u>

North Berwyn Park District
Notes to the Financial Statements
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The North Berwyn Park District was established in 1976 and is located in Cook County, Illinois. The District operates under a President-Commissioner form of government and provides services as authorized by its charter. The District provides services to citizens within a small residential area, substantially all of whom are local residents. For financial reporting purposes the District includes all funds, agencies, and boards that are responsible to the District's Board of Commissioners. Responsibility to the Board of Commissioners was determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the District, and obligation of the District to finance any deficits that may occur or receipt of significant subsidies from the District. Even though there are other local governmental agencies within the geographic area served by the District, such as the local school district and municipality, these agencies have been excluded from this report because they are legally separate and the District is not financially accountable for them.

A. Reporting Entity

The Park District follows the provisions of Governmental Accounting Standards Board Statement No. 39, "Determining Whether Certain Organizations Are Component Units – an amendment of GASB Statement No. 14". As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate, tax-exempt entities and meet all of the following criteria:

1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents.
2. The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
3. The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The Park District has concluded that no entities meet the criteria of Statement 39 for inclusion as a component unit. Likewise, the Park District is not required to be included as a component unit of any other entity.

B. Basis of Presentation

GOVERNMENT -WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business type activities are financed in whole or in part by fees charged to external parties for goods or services.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

GOVERNMENT -WIDE FINANCIAL STATEMENTS (CONTINUED)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. The Park District allocates indirect expenses to functions in the Statement of Activities in cases where a clear and direct connection exists. Program revenues include charges to residents who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Taxes and other income items that are not specifically related to a function are reported as general revenues.

FUND FINANCIAL STATEMENTS

Fund financial statements of the reporting entity are organized into individual funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. Funds are organized as major funds or non-major funds. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type and
- Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses of the individual governmental or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds (Governmental Activities)

Governmental fund types are those through which most governmental functions of the Park District are financed. The Park District's expendable financial resources (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position rather than upon net income determination. A brief explanation of the Park District's governmental funds follows:

General Fund

The General Fund is the general operating fund of the Park District. It is used to account for all financial resources except those required to be accounted for in another fund.

**North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

FUND FINANCIAL STATEMENTS (CONTINUED)

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.

Funds included in this fund category are:

- Recreation
- Special Recreation
- Liability Insurance
- Illinois Municipal Retirement
- Social Security
- Audit
- Police

Debt Service Fund

The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Capital Projects Fund

The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets, excluding those types of capital related outflows financed by proprietary funds.

Permanent Fund

The Working Cash Fund accounts for financial resources held by the district to be used for temporary interfund loans to the general fund.

PROPRIETARY FUND TYPES

The proprietary fund type is used to account for activities which are similar to those often found in the private sector, where the determination of net income is necessary or useful to sound financial administration. The Enterprise Funds comprise the Park District's proprietary fund types.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

PROPRIETARY FUND TYPES (CONTINUED)

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Park District has one fund which operates as an enterprise fund. This is the 16th Street Theater.

MAJOR FUNDS

The Park District reports the following major governmental funds:

- The General Fund, which accounts for the park district's primary operating activities.
- The Recreation Fund, which accounts for the operations of the recreation programs offered to residents. Financing is provided by a specific annual property tax levy to the extent user charges are not sufficient to provide such financing.
- The Capital Projects Fund, which accounts for capital improvements.
- The Debt Service Fund, which accounts for the payment of long-term debt principal, interest and related costs.

The Park District reports the following major business activity fund:

- 16th Street Theater

NON-MAJOR FUNDS

The Park District reports the following non-major governmental funds:

- Special Recreation Fund
- Liability Insurance Fund
- Illinois Municipal Retirement Fund (IMRF)
- Social Security Fund
- Audit Fund
- Police Fund
- Working Cash Fund

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The current financial resources measurement focus and the modified accrual basis of accounting are followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and available to finance the Park District's operations. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Property taxes, investment earnings, and charges for services are the primary revenue sources susceptible to accrual. The Park District considers property taxes available if they are due and collected by year-end. Class registration fees received by the Park District are recognized as revenue when the class starts. All other revenues are recognized when cash is received. Expenditures are recorded when the related fund liability is incurred.

The Park District reports unearned/deferred revenues on its Statement of Net Position and its Governmental Funds Balance Sheet. For government-wide financial statements, unearned revenues arise from program charges received before the program has started. For governmental fund financial statements, deferred revenues occur when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the Park District before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, or when the Park District has a legal claim to the resources, the liability for deferred revenue is removed from the Governmental Funds Balance Sheet and revenue is recognized accordingly.

D. Measurement Focus

On the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the flow of economic resources measurement focus, which means all assets, deferred outflows, liabilities (whether current or non-current), and deferred inflows are included on the Statement of Net Position and the operating statements present increases and decreases in net position.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus (Continued)

The measurement focus of all governmental and proprietary funds is the flow of current financial resources concept. Under this concept, sources and uses of financial resources, including capital outlays, debt proceeds and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as deferred revenue or a reservation of fund equity. Liabilities for claims, judgments, compensated absences and pension contributions, which will not be currently liquidated using expendable available financial resources are included as liabilities in the government-wide and proprietary fund financial statements, but are excluded from the governmental fund financial statements. The related expenditures are recognized in the governmental fund financial statements when the liabilities are liquidated.

E. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

F. Budgetary Data

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

1. Prior to January 15, the Treasurer and Director submit to the Board of Commissioners a proposed operating budget for the fiscal year commencing January 1. The operating budget includes proposed disbursements and the means of financing them.
2. Budget hearings are conducted at a public meeting to obtain taxpayer comments.
3. Prior to March 31, the budget is legally enacted through the passage of an ordinance.
4. The Treasurer is authorized to transfer up to 10% of the total budget between line items within a fund; however, any revisions that alter the total disbursements of any fund must be approved by the Board of Commissioners.
5. Formal budgetary integration is employed as a management control device during the year in all funds except for the capital projects fund, where a project length budget is used.
6. Budgeted amounts are adopted by the Board of Commissioners.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Accrued Vacation

As of December 31, 2017 and December 31, 2016, the amount of accumulated vacation and paid time off is \$15,105 and \$13,557, respectively, reflecting an increase of \$1,548. This liability is accounted for as a liability on the Government-Wide Statement of Net Position.

H. Cash, Cash Equivalents and Investments

The Park District considers all highly liquid investments with an initial maturity date within three months of the date acquired by the Park District and investment pools to be cash equivalents. Cash amounts are carried at cost, and represent funds held in the Park District's name by the applicable financial institution, adjusted for outstanding transactions. Under Illinois law, the Park District is restricted to investing funds in specific types of investment instruments. The following generally represent the types of instruments allowable by State Law:

1. Securities issued or guaranteed by the U.S. Government.
2. Interest-bearing accounts of banks and savings and loan associations insured up to \$250,000 by the Federal Deposit Insurance Corporation.
3. Short-term obligations (less than 270 days) of U.S. corporations with assets over \$500 million dollars rated in the highest classification by at least two rating agencies.
4. Insured accounts of an Illinois credit union chartered under United States or Illinois law.
5. Money market mutual funds with portfolios of securities issued or guaranteed by the U.S. Government or agreements to repurchase these same types of obligations.
6. Illinois Park District Liquid Asset Fund Plus and the Illinois Funds Money Market Fund.
7. Repurchase agreements, which must meet instrument transaction requirements of Illinois law. The Park District does not invest in repurchase agreements.

I. Interfund Receivables/Payables

Amounts due to and due from other funds may arise during the course of the Park District's operations because of numerous transactions between funds to finance operations, provide services, construct assets and service debt.

**North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Interfund Receivables/Payables (Continued)

At December 31, 2017, the Park District had the following interfund receivables and interfund payables:

Fund	Due from Other Funds	Due to Other Funds
General	\$ 24,572	\$ 1,103,574
Recreation	0	15,369
Capital Projects	992,912	0
Debt Service	0	76,112
16th Street Theater	0	6,394
Special Recreation	0	29,396
Liability Insurance	118,694	0
IMRF	0	34,685
Social Security	4,824	0
Audit	0	3,894
Police	23,134	0
Working Cash	105,288	0
Total	\$ 1,269,424	\$ 1,269,424

J. Prepaid Expenses/Expenditures

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses/items using the consumption method. Such amounts are offset by fund balance reserved for prepaid items in the fund financial statements. Prepaid expenses amount to \$19,823.

K. Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations and whether they are reported in the government-wide or fund financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

In the government-wide financial statements, fixed assets are accounted for as capital assets. The Park has adopted a capitalization threshold of \$1,000 for capital asset additions. All capital assets are valued at historical cost, or estimated historical cost if actual cost is unavailable. Donated capital assets are stated at their fair market value as of the date donated.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

**North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Capital Assets (Continued)

GOVERNMENT-WIDE FINANCIAL STATEMENTS (CONTINUED)

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of estimated useful lives by type of asset is as follows:

<u>Asset</u>	<u>Depreciable Life</u>
Land Improvements	20 Years
Construction	50 Years
Machinery and Equipment	5 - 20 Years
Vehicles	8 Years

FUND FINANCIAL STATEMENTS

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlays in the fund from which the expenditure was made. Public domain (infrastructure) assets consisting of roads, curbs and gutters, sidewalks, drainage systems, and lighting systems are not capitalized in the fund financial statements. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

L. Long Term Liabilities

In the government-wide financial statements, debt principal payments of both government and business-type activities (when applicable) are reported as decreases in the balance of the liability on the Statement of Net Position. In the fund financial statements, however, debt principal payments of governmental funds are recognized when paid.

M. GASB Pronouncements

In June 1999, the GASB issued Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments." This Statement establishes new financial reporting requirements for state and local governments throughout the United States. The requirements of this Statement are effective in three phases based on a government's total revenues in the first year ending after June 15, 1999. The Park District has adopted this Statement for the period beginning January 1, 2004.

Governmental Accounting Standards Board Statement No. 61, "The Financial Reporting Entity", is an amendment of GASB Statements No. 14 and No. 39, which does not have impact on the current year financial statements.

**North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. GASB Pronouncements (Continued)

As of January 1, 2012, the District has implemented GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position". The objective of this Statement is to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effect on a government's net position.

As of January 1, 2012, the District has implemented GASB Statement No. 65 "Items previously reported as Assets and Liabilities". The objective of this statement is to establish accounting and financial reporting standards that reclassify as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities. The Statement also recognizes as outflows of resources or inflows of resources certain items that were previously reported as assets and liabilities.

As of January 1, 2015, the District has implemented GASB Statement No. 68 "Accounting and Financial Reporting for Pensions" which is an amendment of GASB Statement No. 27. The objective of this statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

Upon implementation of GASB 68, the District has also implemented GASB Statement No. 71 "Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68.

N. Equity Classifications

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Equity is classified as net assets and displayed in three components:

- Net Investment in capital assets – consists of capital assets, net of accumulated depreciation.
- Restricted Amounts – consists of amounts with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation.
- Unrestricted Amounts – consists of all other amounts that do not meet the definition of restricted or invested in capital assets.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Equity Classifications (Continued)

FUND FINANCIAL STATEMENTS

Governmental fund equity is classified as fund balance. The components of fund balance are:

- Non-spendable – consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.
- Restricted – consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either; a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.
- Committed – consists of resources constrained (issuance of an ordinance) to specific purposes by a government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.
- Assigned – amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by (a) the Board of Commissioners itself or (b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.
- Unassigned – consists of the residual net resources of a fund that has not been restricted, committed, or assigned within the general fund and deficit fund balances of other governmental funds.

The Park District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. If different levels of unrestricted funds are available for spending, the Park District considers committed funds to be expended first followed by assigned and, lastly, unassigned funds.

Fund	General	Recreation	Capital Projects	Debt Service	Non-Major Funds	Total
Non-spendable						
Prepaid Items	\$ 2,208	\$ 12,865	\$ 0	\$ 0	\$ 4,750	\$ 19,823
Working Cash	0	0	0	0	105,288	105,288
Restricted						
Insurance	0	0	0	0	111,450	111,450
Social Security	0	0	0	0	6,262	6,262
Police	0	0	0	0	22,497	22,497
Debt Service	0	0	0	140,310	0	140,310
Assigned						
Capital Projects	0	0	1,305,980	0	0	1,305,980
Unassigned	(19,151)	(15,889)	0	0	(64,717)	(99,757)
	<u>\$ (16,943)</u>	<u>\$ (3,024)</u>	<u>\$ 1,305,980</u>	<u>\$ 140,310</u>	<u>\$ 185,530</u>	<u>\$ 1,611,853</u>

**North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 2 – DEPOSITS AND INVESTMENTS

A. Bank Deposits

ILCS and the District's investment policy authorize the District to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, commercial paper rated within the highest tier (e.g., A-1, P-1, F-1, or D-1 or higher) by a nationally recognized rating agency and Illinois Funds. It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral for funds on deposit of all bank balances in excess of federal depository insurance with the collateral held by a third party in the District's name.

In accordance with its investment policy, the District limits its exposure to interest rate risk by not directly investing in securities maturing more than one year from the date of purchase, unless matched with a specific cash flow. The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government and Illinois Funds. The District does not have any investments in debt securities at December 31, 2017.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. The District's investment policy does not address custodial credit risk for investments. The District's investment policy prohibits the use of derivative instruments unless authorized by the Board of Commissioners.

At December 31, 2017, the carrying amount of the Park District's deposits was \$315,030, and the bank balance was \$354,277. The deposits are categorized in accordance with risk factors created by governmental reporting standards. Included in its deposits, the Park District maintains a restricted cash balance with a carrying and bank balance of \$1,936. The cash is restricted for the Series 2014 interest payment due in 2018.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

A. Bank Deposits (Continued)

The following table categorizes the Park District's cash and cash equivalents according to levels of custodial credit risk:

Category:	Carrying Amount	Bank Balance
Deposits covered by federal depository insurance, or by collateral held by the Park District or its agent in the Park District's name	\$ 251,936	\$ 251,936
Deposits covered by collateral held by the pledging financial institution's trust department, or its agent in the Park District's name	0	0
Deposits covered by collateral held by the pledging financial institution, or its trust department, or its agent but not in the Park District's name, and deposits which are uninsured and uncollateralized	63,094	102,341
Total Bank Deposits	\$ 315,030	\$ 354,277

B. Investments

At December 31, 2017, investments consist of two Bond Investments in the Park District's Capital Projects Fund, and an investment in the Illinois Park District Liquid Asset Fund ("IPDLAF"), created in 1975 by the Illinois General Assembly.

Bond Investment in the District's Capital Projects Fund

The Park District has issued bonds from its Capital Projects Fund to its Debt Service Fund. The Bond Investments consist of the \$166,400 2016B Limited Tax Bond which matures in November 2018 and has a \$2,465 outstanding balance as of December 31, 2017, and the \$169,100 2017 Limited Tax Bond which matures in November 2018 and has a \$169,100 outstanding balance as of December 31, 2017. The fair value of the Bond Investments is equal to the bond payments receivable from the 2016B and 2017 Limited Tax Bonds. The Bond Investments in the Park District's Capital Projects Fund amount to \$171,565 at December 31, 2017.

	Carrying Amount	Fair Value
North Berwyn Park District (Rated AA by Standard & Poor)	\$ 171,565	\$ 171,565
Total Bond Investments	\$ 171,565	\$ 171,565

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Illinois Park District Liquid Asset Fund Investment

Oversight is provided with an annual audit by the Illinois Auditor General. This pooled investment with other municipalities is similar in nature to a money market fund and consists primarily of certificates of deposit, U.S. Government securities, commercial paper, and corporate bonds. Because individual securities are not owned by the Park District, amounts invested in the Illinois Park District Liquid Asset Fund are not categorized. The District's value in the pool is based on the average maturity of the pool's investments. Further, the fair value of the Park District's position in the pool is equal to the value of its pool shares.

	<u>Carrying Amount</u>	<u>Fair Value</u>
Illinois Park District Liquid Asset Fund (Rated AAAM by Standard & Poor)	\$ 1,298,723	\$ 1,298,723
Total IPDLAF Investments	<u>\$ 1,298,723</u>	<u>\$ 1,298,723</u>

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District assets subject to fair value measurements are as follows:

Investments Type	December 31, 2017	Quoted Prices in		
		Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Debt Securities				
2016B GOB	\$ 2,465	\$ 0	\$ 2,465	\$ 0
2017 GOB	169,100	0	169,100	0
Trust Assets				
IPDLAF+	1,298,723	0	1,298,723	0
	<u>\$ 1,470,288</u>	<u>\$ 0</u>	<u>\$ 1,470,288</u>	<u>\$ 0</u>

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 3 - PROPERTY TAXES

The District's property tax is levied each year on all taxable real property located in the District on or before the second Tuesday in December. The taxes attach as an enforceable lien on property effective the prior January 1. Property taxes are collected by the Cook County Collector who remits to the Park District its share of taxes collected. Taxes levied in one year become payable during the following year in two installments, one on March 1 and the second on August 1, or 30 days after the tax bills are mailed, whichever is later.

The first installment is an estimated bill, and is one-half of the prior year's tax bill. The second installment is based on the current levy, assessment and equalization, and reflects any changes from the prior year in those factors. Taxes on railroad real property used for transportation purposes are payable in one installment on August 1.

Real estate taxes which have been levied but not collected during the year are recorded as Taxes Receivable and recognized as revenue. The 2017 tax levy has been recorded as Property Taxes Receivable and Deferred Tax Revenue on the fund financial statements.

NOTE 4 - CAPITAL ASSETS

A summary of the changes in capital assets for the year ended December 31, 2017 follows. Total depreciation expense for year ended December 31, 2017 was \$213,715.

	Balance January 1, 2017	Additions	Disposals	Balance December 31, 2017

NOTE 5 – LONG-TERM DEBT

A. Debt Transactions

The Park District enters into debt transactions to finance additions of and major improvements to recreational facilities. The Park District has the following debt at December 31, 2017:

General Obligation Bond Series 2007, for \$1,200,000 maturing on December 1, 2022, interest is charged between 4.5% and 4.75%.

General Obligation Bond Series 2014 (Alternative Revenue Source), for \$2,175,000 maturing on December 1, 2029, interest is charged between 2% and 4.5%.

General Obligation Bond Series 2016B, for \$166,400 maturing on November 15, 2018, interest is charged between 1.22% and 1.33%.

General Obligation Bond Series 2017, for \$169,100 maturing on November 15, 2018, interest is charged at 1.80%.

A summary of changes in Long-Term Debt for governmental activities for the year ended December 31, 2017 is as follows:

	Balance January 1, 2017	New Debt	Debt Retired	Balance December 31, 2017	Amount Due Within One Year
General Obligation Park Bonds					
Series 2007	\$ 350,000	\$ 0	\$ 55,000	\$ 295,000	\$ 55,000

2028 - 2029	490,000	33,300	523,300
Subtotal	<u>2,175,000</u>	<u>615,057</u>	<u>2,790,057</u>
Total	<u>\$ 2,486,565</u>	<u>\$ 714,814</u>	<u>\$ 3,201,379</u>

NOTE 6 - HEALTH INSURANCE

On October 1, 1993 the North Berwyn Park District became a member of the Park District Risk Management Agency (PDRMA) Health Program, a health benefits pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the North Berwyn Park District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and the PDRMA Health Program is governed by a contract and by-laws that have been adopted by resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

**North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 6 - HEALTH INSURANCE (CONTINUED)

The following represents a summary of PDRMA's Health Program's balance sheet at December 31, 2016, and the statement of revenues and expenses for the period ending December 31, 2016.

Assets	\$	19,963,703
Deferred Outflows - Pension	\$	472,756
Liabilities	\$	5,609,725
Deferred Inflows - Pension	\$	14,609
Total Net Position	\$	14,812,125
Revenues	\$	37,086,143
Expenditures	\$	34,157,556

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

NOTE 7 - RISK MANAGEMENT

The North Berwyn Park District is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and net income losses.

Since June 1, 1992 the North Berwyn Park District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability, and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the property/casualty coverage in effect for the period January 1, 2017 through January 1, 2018:

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the North Berwyn Park District. As a member of PDRMA's Property/Casualty Program, the North Berwyn Park District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the North Berwyn Park District and PDRMA is governed by a contract and the by-laws that have been adopted by resolution of the North Berwyn Park District's governing body. The North Berwyn Park District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by PDRMA.

North Berwyn Park District
Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017

NOTE 7 - RISK MANAGEMENT (CONTINUED)

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member. PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program's balance sheet at December 31, 2016 and the statement of revenues and expenses for the period ending December 31, 2016. The District's portion of the overall equity of the pool is .090% or \$35,662.

Assets	\$	62,209,572
Deferred Outflows - Pension	\$	1,117,312
Liabilities	\$	23,580,657
Deferred Inflows - Pension	\$	34,088
Total Net Position	\$	39,712,139
Revenues	\$	20,508,977
Expenditures	\$	21,505,049

Since 92.44% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are the same for all members based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

NOTE 8 - EXPENDITURES OVER BUDGET

The following funds had expenditures in excess of budgeted amounts:

Fund	Budget	Actual
General	\$ 323,914	\$ 325,753
Recreation	534,836	766,454
Debt Service	232,320	402,075
Special Recreation	87,319	94,131

NOTE 9 - DEFICIT FUND BALANCE

As December 31, 2017, the following funds had a deficit fund balance:

Fund	Fund Deficit
General	\$ (16,943)
Recreation	(3,024)
16th Street Theater	(9,041)
Special Recreation	(27,562)
IMRF	(33,483)

NOTE 10 – SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2017, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is March 28, 2018, the date the financial statements were issued.

NOTE 11 – PENSION PLAN COMMITMENT

Plan Description. The employer's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained on-line at www.imrf.org.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

Funding Policy. As set by statute, your employer Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2016 was 10.86 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution for calendar year 2016 was \$50,643.

In accordance with GASB Statement No. 68, "Accounting and Financial Reporting for Pensions – An amendment of GASB No. 27," the following information is provided:

NOTE 11 – PENSION PLAN COMMITMENT (CONTINUED)

SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS
USED IN THE CALCULATION OF THE TOTAL PENSION LIABILITY

Methods and Assumptions Used to Determine Total Pension Liability:

Actuarial Cost Method	Entry-Age Normal
Asset Valuation Method	Market Value of Assets
Price Inflation	2.75%
Salary Increases	3.75% to 14.5%
Investment Rate of Return	7.50%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.
Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). the IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). the IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality table applying the same adjustment that was applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

There were no benefit changes during the year.

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2017**

NOTE 11 – PENSION PLAN COMMITMENT (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2016:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Domestic Equity	38%	6.85%
International Equity	17%	6.75%
Fixed Income	27%	3.00%
Real Estate	8%	5.75%
Alternative Investments	9%	2.65% - 7.35%
Cash Equivalents	1%	2.25%
	<u>100%</u>	

CALCULATION OF THE SINGLE DISCOUNT RATE

GASB Statement No. 68 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a “risk-free” rate is required, as described in the following paragraph. The single discount rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). For the purpose of this valuation, the expected rate of return on pension plan investments is 7.50%; the municipal bond rate is 3.78%; and the resulting single discount rate is 7.50%.

SENSITIVITY OF NET PENSION LIABILITY/(ASSET) TO THE
SINGLE DISCOUNT RATE ASSUMPTION

	1% Decrease 6.50%	Current Single Discount Rate Assumption 7.50%	1% Increase 8.50%
Total Pension Liability	\$ 2,444,450	\$ 2,114,156	\$ 1,845,236
Plan Fiduciary Net Position	1,776,404	1,776,404	1,776,404
Net Pension Liability/(Asset)	<u>\$ 668,046</u>	<u>\$ 337,752</u>	<u>\$ 68,832</u>

For the Year Ended December 31, 2017**

In accordance with GASB Statement No. 68, "Accounting and Financial Reporting for Pensions – An Amendment of GASB Statements No. 27", the financial statements of employers also include required supplementary information showing the 10-year fiscal history of:

- Sources of changes in the net pension liability;
- Information about the components of the net pension liability and related ratios, including the pension plan's fiduciary net position as a percentage of the total pension liability, and the net pension liability as a percent of covered-employee payroll, and
- Comparison of actual employer contributions to the actuarially determined contributions based on the plan's funding policy.

MULTIYEAR SCHEDULE OF CONTRIBUTIONS
Last 10 Plan Years

Fiscal Year Ending December 31	Actuarially Determined Contribution	Actual Contribution	Contribution Deficiency (Excess)	Covered Valuation Payroll	Actual Contribution as a % of Covered Valuation Payroll
2014	\$ 52,909	\$ 51,304	\$ 1,605	\$ 510,211	10.06%
2015	54,978	54,979	(1)	477,242	11.52%
2016	50,643	50,643	0	466,329	10.86%
2017	54,927 *	54,927	0	510,475	10.76%

* Estimated based on contribution rate of 10.76% and covered valuation payroll of \$510,475.

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date: Actuarially determined contribution rates are calculated as of December 31st of each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2016 Contribution Rates:

<p>Actuarial Cost Method Amortization Method Remaining Amortization Period</p>	<p>Aggregate Entry-Age Normal Level Percentage of Payroll, Closed Non-Taxing bodies : 10-year rolling period. Taxing bodies (Regular, SLEP and ECO groups): 27-year closed period until remaining period reaches 15 years (then 15-year rolling period). Early Retirement Incentive Plan liabilities: a period up to 10 years elected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 22 years for most employers (two employers were financed over 31 years).</p>
<p>Asset Valuation Method Wage Growth Price Inflation</p>	<p>5-Year smoothed market; 20% corridor 3.50% 2.75% - approximate; No explicit price inflation assumption is used in this valuation.</p>
<p>Salary Increases Investment Rate of Return Retirement Age</p>	<p>3.75% to 14.50% including inflation 7.50% Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.</p>
<p>Mortality</p>	<p>For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.</p>
