

Sponsorship Opportunities

We are dedicated to ensuring *Leadership by Design* camps are accessible to students in our community, and are currently seeking sponsors to help cover the cost of camp for up to 30 students.

Sponsor a High School Student

By sponsoring a student, you are providing equal access to our summer programming by leveling the playing field for students across Winston-Salem and Forsyth County to participate. We are committed to bringing together a diverse group of campers to work together during camp sessions, and will be charging a low fee of \$50 for all campers, regardless of background or economic status.

We are seeking 15 student sponsors at the \$250 level per week-long camp. Each \$250 sponsorship will cover materials, food, space, software, and instructional time for one student.

All monetary sponsors will be listed on promotional material and highlighted at our public community presentations at the close of each camp week. Volunteers will be recognized on social media during the date(s) on which they volunteer.

Donate Your Time and Expertise

You can also volunteer to speak to campers about your area of expertise, give a site tour, or provide your feedback during our mid-week design reviews. Connecting our campers to adults working in the community is a great way to engage local youth in design related professions, and get them excited about what's going on in our city.

Sponsorship Levels

Community Contributor	\$ 100
Silver Sponsor	\$ 250
Gold Sponsor	\$ 500
Platinum Sponsor	\$ 1,000
