Reason for Service:

Dynamic Bolting Service Center Address:

**Dynamic Bolting, LLC**  
**ATTN: Repairs**  
**821 E Hiawatha Blvd**  
**Shelton, WA 98584**

- Please use a sturdy box when shipping your tool to avoid damage
- We suggest you DO NOT use shipping peanuts when packing. They tend to get into the inner workings of the tool which may require additional labor to remove prior to inspection/repair
- If sending in a pump of service - REMOVE the oil prior to shipping

If you have any questions about our repair or calibration services, please contact Dynamic Bolting at [info@dynamicbolting.com](mailto:info@dynamicbolting.com) or call 1-888-459-5900 (360-432-8342)

*\*All tools subject to 1.5 hours analysis charge of \$105.00*
