

I am a high heel shoe advocate, transformation queen and a D.I.V.A. in my business (Dynamic, Inner Belief, Visionary, and Authentic) completely committed to helping you up-level your Profitable Presence so that you become the obvious choice to your clients and professional opportunities.

How do I do it? I am the authority on profitable professional presence and confidence. I have trained with the best to be able to say this. I am certified in image consulting and professional development from the world-renowned London Image Institute. I believe that communication is key in this process and that is why I am also certified in strategic communications from UT Austin.

I have a global perspective that not only helps shape my clients from head-to-toe, but also inside and out, which creates invaluable career confidence. Expertly skilled in impression management, I help clients reveal their best by intertwining my image consulting skills with communication and presentation coaching to help professionals become effective leaders and influencers. The transformation is PHENOMENAL!

As an entrepreneur and business owner for over 25 years, I have the personal know-how, skill set, training and grit to help professionals make that powerful connection with their clients and teams. They become successful, influential and unforgettable leaders in their companies and communities and develop a clear and effective profitable presence.

I believe in self-care, personal growth and FUN! I love working out, tennis, travel and pageantry. My confidence has allowed me to be a fierce competitor in the pageant world for over 20 years. I have been honored with the crowns of Mrs. Alabama, Mrs. USA Petite and Mrs. North Texas, to name just a few.

I am a master of stage presence and I use my experience to help you cultivate your confidence and become amazing presenters-no matter the size of your "stage". I believe in giving back and I am a volunteer consultant in the "Look Good Feel Better Program" that assists cancer patients with appearance and self-esteem during treatment and post-operation recovery, as well as Dress For Success. I live in North Dallas with my husband, two kids and dogs. I love building relationships so let's go have a great conversation over an equally great cup of coffee.
