

Mobile 10K Fully Guided

170K GUIDED RIGLESS HWU

A mobile fully guided 10 & 15K snubbing unit, this unit excels in deep horizontal and problematic wells and is ideal in the liquids-rich Western Canadian Sedimentary Basin.

Piston Well Services provides the best snubbing services with the most predictable and repeatable outcomes through our leadership, planning and innovation.

BENEFITS

- Built-in gin pole
- Dual motor rotary
- Proprietary tubing handling system for efficient trip times
- Patented HALO system
- 5-station, 90-gallon Accumulator
- Torque Track to increase stability while drilling

Why Choose Piston?

It's simple. Our experience, innovations and top-shelf equipment offers solutions. From pre-job planning to demobilization, we come prepared and finish the job properly. We are efficient and adaptable to an ever changing completion market, and our standards for high pressure snubbing and hydraulic workover services are designed for the best possible results and forward-thinking benefits.

Discover how we can make a difference for you!

TRAILER/SKID MOUNTED

- Catwalk trailer with fold-out pipe racks and integrated tool shed
- Skidded doghouse with primary accumulator
- Jack & power pack on owned & customized 24-wheeled trailer
- Skidded pump & tank

MAX HOIST	170,000 LBS
MAX SNUB FORCE	96,000 LBS
ROTARY	4,500 FT-LBS, 145 RPM with HALO Slip Swivel and Torque Track
MAX DEPTH	6,700 M
TRIP SPEED	65 Joints/HR
DRIVE SYSTEM	2 Leg, 12' Stroke, 630 HP, Trailer Mounted
MUD TANK	30m ³ with 3 Compartments with Agitators and Jets
PUMP	600 HP, 15,000 PSI MSI

BOP'S	7-1/16, 10K or 15K Cameron, 8 BOP Stack with Shaffer Annular
POWER PACK	630 HP Trailer Mounted
MAST	55 FT x 5,000 LBS with 2 Counter-Balance Winches and 1 Heavy Winch
WORK WINDOW	N/A - Slip Window Only
PIPE SIZE	1.050" - 3.5"
THRU BORE	7-1/16"
SLIPS	Nu Energy 170k Bowls
TOTAL UNIT WEIGHT	91,000 LBS

103, 6439 - 67 Street, Red Deer, Alberta, Canada T4P 1A3
