<b>Packed</b>	1 pcs per PP bag		100 pcs 1-pack per transport box

<b>Where:</b>	At areas with centralized or outsourced laundry, or where there is a requirement that cloths are returned to their original user and or department.
<b>How:</b>	In conjunction <b>Rekola Addon</b> EVA pouch 10-90031. But can also be used in <b>Rekola Motion</b> SI 6 Ltr and SI 12 Ltr buckets. Rekola Addon mesh bag is put inside the Rekola Addon Eva pouch 10-90031 for collecting dirty and used cloths and or mops. Once the job is done the mesh bag is closed and taken to the laundry, preferable inside the EVA pouch or other non-leaking container. The bag may be put into the laundry if there is enough space for the cloths to move freely inside.
<b>Mount:</b>	<b>Rekola Addon</b> Mesh bag with Velcro can be simply attached to the EVA pouch or bucket by pulling the strap. Before pulling the strap make sure the Velcro is going around the back side of the EVA flaps on 10-90031.
<b>Demount:</b>	Release the Velcro and the strap. Close Velcro and strap and make sure the top of the bag cannot open itself. Use the closing strap for making a knot into the bag's top.

Maintenance	
<b>Cleaning:</b>	The EVA mesh bag is made of polyester yarn and is resistant against most cleaning chemicals and can be washed up to 90 degrees though we advise not higher than 60 degrees for environmental reasons.
<b>Disposable:</b>	Polyester, when collected separately, can be recycled or safely used for heat generation.
