<b>Where:</b>	In conjunction with utensils and trolleys, optimizing the cleaning process and reducing the trafficking during the cleaning process. Suitable for any project inside and outside. EVA is resistant to most chemicals and may be disinfected. Article 10-900111 or 10-900112 in combination with <b>Rekola Addon</b> buckle belt 10-000010 form an ideal package and time saving up to 30% according REFA teme studies.
<b>How:</b>	Optimal in conjunction with <b>Rekola Motion trolleys</b> and or <b>Rekola Reflex concept</b> . Also suitable for other brands and concepts and at machines. <b>Rekola Addon</b> EVA pouches are ideal to add functionality to trolleys; increase storage capacity around the trolleys and reduce trafficking during cleaning. Storage of cloths, chemicals, brushes, plastic bag rolls, personal stuff etc. The EVA pouches are multifunctional and multi-purpose.
<b>Mount:</b>	<b>Rekola Addon</b> EVA pouches with clips can be simply attached to machines, trolleys and or belts by using the stainless steel clips.
<b>Flexibility</b>	The <b>Rekola Addon</b> EVA pouches are designed to personalize the trolley or belt. They can easily be switched between trolleys and belts, or as in case of a brush, can be carried into the project preventing spilling or dripping.

# REKOLA

Maintenance	
<b>Ergonomics:</b>	The Rekola Addon work belt reduces the trafficking, as it influences the process of walking back and forward to the cleaning trolley during the daily manual cleaning.
<b>Cleaning:</b>	The EVA pouches are -20° and +100° Celsius and disinfectant chemicals resistant. Rinse the bag with hot water and optional disinfect with disinfectant wipes. Do not use in Deko-machines as the temperature change may deform the shape of the pouch.
<b>Disposable:</b>	EVA and stainless steel when collected separately, can be recycled.
Components	
clips	Stainless steel clips ø 2,2 mm.
Pouches	EVA (Ethylene Vinyl Acetate), 18-20% VA, pouches with leather surface structure, waterproof welded.
Extra options* *not included in price	In conjunction with <b>Rekola Motion</b> trolleys and or <b>Rekola Addon</b> buckle belt Article 10-900110 or Rekola Addon work belt Article 10-90013.
Characteristics	
functionality	<b>Rekola Addon</b> EVA pouches offer a flexible way of personalizing your cleaning trolley, work belt and cleaning process. Because the pouches are multifunctional there are almost no limitations for usage within the cleaning process. They also may be mounted to sit-on cleaning machines adding extra functionality and storage for e.g. hazardous cleaning situations.
ergonomics	As the Rekola Addon EVA pouches are extremely light and can be attached at ergonomic height levels, the products are improving and increasing the ergonomic work circumstances during the cleaning process.
Guarantee	
One year manufacturer guarantee after purchase.
