

Internalise Your Success and Show Up From Where You Are: Practical Tips for Progressing Your Career

Register

The Equal Representation in Arbitration (ERA) Pledge Young Practitioners' Committee (YPSC) is delighted to announce a webinar with the fantastic professional coach, Caroline Flanagan.

Caroline will share valuable insights as to how female practitioners can create and seize opportunities, as well as empowering them to go out and achieve their goals. Whether you are looking for ways to increase your visibility, planning your next step on the career ladder or looking for ways to deal with imposter syndrome, this is the webinar for you.

The webinar will be followed by a Q&A session with questions from the audience.

Please register by Monday 8 March 2021.

Caroline Flanagan is an inspirational keynote speaker, transformational coach, two times author and host of the Caroline Flanagan Podcast. Caroline works with international law firms, banks and global organisations to increase the number of women and people of colour in leadership. Caroline's mission is to empower minority individuals to defy the odds, triumph over adversity and to win battles they think they cannot win. She is a recognised expert on Imposter Syndrome and work-life balance. Caroline is also the author of *Baby Proof Your Career: The Secret to Balancing Work and Family So You Can Enjoy It All*. Her second book, *Be The First: People of Colour, Imposter Syndrome and the Struggle to Succeed in a White World*, is published on 26 February 2021.

What is the ERA Pledge and the YPSC?

The ERA Pledge is a global initiative that addresses the underrepresentation of women in international arbitral tribunals. Its objective is two-fold: to help female arbitrators secure more appointments on an equal opportunity basis and to improve the profile and visibility of women in arbitration more generally. In just four years of existence, more than 4,500 organisations and individuals have joined the Pledge and committed to its objectives. The Young Practitioners Subcommittee (YPSC) pursues these objectives for the next generation.
