

Cambrette  
Care

Keep enjoying life  
in your own **home.**

Why choose Cambrette  
Care for your care needs?

## About Cambrette Care

Cambrette Care is Jersey's high-quality and person-centred community care provider, overseen by registered nurses and approved under the Jersey Long-Term Care Scheme.

Paul and Beth Gicquel, and their team at Cambrette have helped Islanders to continue living happily and independently in their own homes for almost 10 years. We take pride in our

unique approach to care, which emphasises understanding, personal choice, dignity and respect, and have been at the forefront of the care community since 2008.

## The Cambrette Approach

We understand that people's care requirements are as diverse as their personalities so we design care packages around each client's individual needs, routines and day-to-day activities.

The care packages are delivered by our team of professional and friendly Cambrette Carers who are trained to deal with a range of personal care and domestic duties and are supported 24/7 by our Senior Management Team. This is made up of our Care Managers who are registered nurses with over 80 years of combined healthcare and community experience, and Senior Carers who have QCF 3 qualifications.

Each client has a small team of carers who are personally

introduced by the Care Manager and given a full induction.

Some clients' needs can make staying at home seem complicated, which is why our Care Managers work closely with a variety of healthcare professionals to arrange everything which may be required. As part of our on-going service they will also monitor and review the care package to ensure your loved one can continue to live safely and comfortably in their own home as long as they wish.

## Our Clients

We like to work with adult clients of all ages and can provide care for a full spectrum of needs, from low level, to the most complex.

Whether it be 24-hour care, companionship or a weekly shop, we're here to enhance their quality of life. We can even walk the dog and feed the cat.

We believe we provide a fantastic care service. But don't just take our word for it! See what our clients say...

"Our thanks to Beth and her staff at Cambrette Care for enabling Mum to live at home, just where she wanted to be. I also felt able to contact them with queries when I needed advice."

Ann

"The girls who looked after Mum became part of the family, showing love, care and professionalism. We can't thank Cambrette Care enough and would recommend them without hesitation."

Pam

"My father's Cambrette Carer was professional, hardworking and always went the extra mile, nothing was too much trouble... It was really refreshing to see care services delivered in such a positive manner."

Mr A Gibaut

"Thank you both and all your staff for the excellent care and help looking after my mother during the last few years"

Mr Le C

"Thank you for all the wonderful care that Cambrette provided for my mother. Mummy was beautifully looked after and all the girls

did everything possible for her, treating her with great care and kindness throughout'

Mrs D
