

THREE PIECE.

THE PERFECT MOBILE COCKTAIL BAR SERVICE FOR WEDDINGS,
BIRTHDAY PARTIES, ANNIVERSARIES & CORPORATE EVENTS.
CUSTOM DESIGNED COCKTAILS WITH QUALITY SERVICE.

A SHARED LOVE FOR ALL THINGS COCKTAIL

The duo from Hertfordshire met in a bar at Leeds University (how romantic), where they instantly shared a love for all things cocktail. With Bachelor of Arts in design & marketing, they finished university to enter the world of work, but the office life was a bit on the sour-side. Therefore, they reunited (again, in a bar) to combine forces and create Three Piece, offering all their passions in one package - drinks & designs for any event theme you can imagine.

DANIEL TWINE

I live for bespoke design! Creating something unique, that fits the personality of every client, is the essence of creative freedom.

"If I could make a steak cocktail, I'd be a happy man"

ALEXANDER LEGRET

My favourite word is ombibulous, it means 'one who enjoys drinks of all sorts.' So if my creative juices aren't flowing then the liquor is!

"I'm partial to a terrible old dad joke, sorry."

WHAT OUR CUSTOMERS SAY

PAULA BROWN

“Alex and Daniel were both beyond amazing at our event - The REL Beach Party. Everyone has commented how professional they were. From creating a bespoke bar and cocktails to keeping us all entertained, these guys far exceeded expectations. We cannot thank you enough for bringing a bit of sunshine to a dreary Wednesday and will be certain to keep your details for future events. We would highly recommend Three Piece Bar for your event - you will not be disappointed”

JOANNA WEST

“Alex & Dan provided the Cocktail Bar for the Amersham Cricket Club Summer Ball last Friday night - it's the first time we have had a cocktail bar at our event and we were so pleased we booked Three Piece Bar! They put a lot of thought and effort into planning bespoke cocktails for us - which fitted in with our Tropical Theme and also had a cricket twist in their names - the preparation they put in was evident, they turned up early on the day to set up and were so organised during the entire evening. There were brilliant with our guests and definitely provided a special element to the evening - loved their Tropical Outfits too! I just can't wait to have a party so I can book them again! I would have no hesitation in recommending them for any form of private party or fundraising function. Thanks guys xx”

WHAT WE ARE TRYING TO ACHIEVE

PRACTICING RESPONSIBLY

Our primary focus is to deliver bespoke drinks to the highest standard, using the best possible ingredients which are responsibly sourced. We start with local businesses around Herts which offer 0% sugar products & organic alternatives.

EDUCATING OUR CLIENTS

Parallel to this, we want to educate our clients on how to enjoy their drinks safely. Our Drink Smart ethos encourages consumers to learn more about what they are drinking and how to look good doing it. We all want to look good sipping our martinis, right?

SUPPORTING THE COMMUNITY

We love where we live, hence why we decided to set up the business close to home. Since starting in 2016, we have tried to give back to the community by getting involved in fundraisers and events for non-profit organisations. There's plenty more on the horizon too.

AWARDS

Three Piece is also on a mission to earn industry recognition (yes that rhymes), because who doesn't like winning awards? We have one nomination down so far, and hopefully plenty more yet to come.
