Roadside Assistance

We send you a tow truck fully equipped with all the tools needed to get out of the situation you're in. A single phone call is enough to reach out to us and start the process.

Fuel Delivery: we always think it happens to others but sometimes it also happens to us. Running out of fuel a few miles away from the nearest gas station is frustrating but it happens. In that case, we will deliver a few gallons of fuel wherever you are so you can continue on your journey.

Flat Tire Replacement: if the tire is not too damaged, we can usually fix it and repair it temporarily. But in a lot of cases, the best thing to do remains to change the tire and put a new one instead. We bring the right type of tire for your vehicle so you can get behind the wheel again and drive safely.

Battery Jump start: your battery might be dead or have low power, in both cases you will need the help of an expert to restart your car and be able to reach your intended destination.

Winching: if your car is stuck in the mud or snow and you can't get it out, our tow truck sure can! You'll be on the move again soon once we take care of your case.

We specialize in junk car removal. For instance, we pick up junk cars abandoned on the side of the road, pushed out of garages and found in empty lots. In each instance, the owners judged their vehicles to be a headache. They called us! If you want your junker exchanged for cash, call us. In short, we offer cash for junkers today. You might be surprised by how valuable your old car is. We'll get rid of that eyesore and in exchange, give you hard cash you can use anywhere. We do junk car towing St Paul.

We Pay Cash For Junk Cars Today.

To take advantage of the services you need only call us up. At that time, we will work out a removal of your car. Have the vehicle and title information handy, and in minutes, we'll make you an offer. As a matter of routine, we dispatch a tow truck to take it away free of charge. You'll get paid when our representative arrives. Did you hear that the tow is free of charge? It takes only a short time to do the exchange. If that old car is a headache, you now know that you can fix it in minutes. We pay cash for junkers today and free towing always.

Why would we pay cash for what appears to be junk?

To begin with, you must understand that cars often go to the scrap yard when they're at end-of-life. Everything has a beginning and an end, and that's true of vehicles. In the end, a junker car has at least a scrap metal value. Secondly, many car parts are valuable and can be sold in the second-hand market. With that end in mind, we will buy your junker, strip it of worthy parts to resell and then scrap it. Finally, some cars are repairable and can be put back on the road. If your car is still roadworthy, we will fix or repair it and resell it. We pay cash for cars St Paul.

We buy it so you don't have to bother selling it

Yeah, we've all been there. We put the car up for sale, give an honest assessment of it, and explain that it's in a snow bank. We're truthful. We disclose that it's useless because it doesn't run. We ask a fair price and maybe throw in a discount of its KBB estimated value. Then, people call. Amazingly, they offer scrap metal prices for it! Disappointed? If you've ever sold cars in the St Paul community, you know people are pretty savvy here about price. For all that, you took the time and effort, and yes, even the money, to place a classified ad. The result might be better if you called us. You owe it to yourself to call us up and at least give us a chance to make you an offer.

What's My Car Worth?

If you watch the movies, there's often some vehicle on the screen that everybody wants to own. The star drives it and every other car pales by comparison. However, if you look closely, you'll see that there's never been a make or model car that has not been in the movies. It really doesn't matter what kind of car you drive because it's of great interest. Moreover, if you ever gazed on a car crushed and reduced to a scrap metal cube, you'd be hard pressed to identify the year, make and model. With that in mind, you should know that every car is valuable and worth a call today. We pay cash for junkers, and we do junk car towing St Paul.

St Paul Car Recycling

What does Recycling a Car do for the Environment?

According to Wikipedia's article on vehicle recycling, recycled metal is a cheaper form of metal than new manufactured metal. In fact, it costs 74-percent less energy to recycle metal than it does to make it. Recycled cars save approximately 85 million barrels of oil per year, the energy that would have been used to make new metal, according to the article. In the second place, recycling keeps millions of tons of metal out of the landfill. Finally, the hazardous waste found in the form of fluids and chemicals used in cars can be disposed of properly in the recycling process. We pay cash for junkers, and what's great about our service is that you don't have to worry about removing any of the fluids like the oil, antifreeze or windshield washer fluid to recycle your car. Just call us up. We take care of it all. We pay cash for cars St Paul. Call us if you want cash for junkers today.
