ORDER YOUR PRINTS at JPI

There are a few ways to send your print order to us.

The In-Store Method - The preferred method is to simply come in to the store with your flash drive, memory card, disc, phone or tablet. Most phones and tablets are compatible with our system. Please bring your USB cable. For some devices there is a nominal \$10.00 transfer fee.

The Online Method - You can also order most services online at www.jpipphoto.com. Select *Online Prints* to place most print orders. For unique sizes, specialty papers, books, greeting cards, soft cover books or comp photos select *Photo Products*. There is a \$3.00 minimum charge for online orders.

The Dropbox Method - Dropbox.com simplifies the way you create, share and collaborate. This is a great way to send large orders. You can also send TIFF, PSD and other file formats via Dropbox. Prepare your order - Create folders and title them with the print sizes. Each file should also be titled by size & quantity. Then share your Dropbox folder with photolab@jpipphoto.com.

All orders must include name, phone number, email, print size, surface type. All images will be cropped to fit size requested.

MONET CANVAS PRINTS

Hahnemühle

Canvas prints are printed unstretched or gallery wrapped on stretchers. *Monet Canvas is a heavy 100% cotton canvas with a woven pattern. Its natural white color is perfect for art reproduction, but also works well for high quality photo printing. For a Metallic Canvas add \$5 per square foot.*

Custom sizes are available upon request for an additional fee.

BULK "SHOE BOX" SCANNING

Gather up your old family photos, whether they're in boxes, albums, or frames, and bring them in to JPI where we will scan them to DVD for you.

Why should I have my prints digitized?

- Prints last 5 to 50 years, depending on the paper type. The DVD we place your images on could last 100 years or more. It is the perfect archiving solution with today's technology.
- Digital images are easy to share! You can order additional prints, have your photos restored, make a photo book, e-mail them to friends/family, or upload your photos to social networking sites like Facebook or Flickr.

Why scan in bulk?

- Individual scans are as low as \$2.00 per image, plus the cost of the DVD.
- However "Shoebox" scans will be as low as 30¢ each.
- The cost of the DVD is included!

How does it work?

- Gather your photos and remove them from their albums and frames.
- Photos must be between 2.5x3.5" and 8x10".
- Bulk Scanning is \$89.99 up to 300 prints.
- Each additional print is 25¢ each.
- Other prints sizes be scanned at our standard scanning prices.
- Your DVD will be ready in 7-10 business days.

Please note

- All photos are auto-rotated and auto-enhanced.
- Your treasured prints are all scanned at JPI. We DO NOT mail your prints to a third party!
- Double sided scanning is available for an additional charge.
- Photos stuck in album? No problem. Album page scans are \$25 per page.
- Cost of prints, photo books, or any restoration work is not included, but available for an additional charge. Ask for details.

DIGITAL RETOUCHING

Family heirlooms link us to our past. As time passes, improperly stored portraits can become worn, torn, tattered and damaged. JPI can restore those family treasures. What was once considered a deteriorating one-of-a-kind can become a revived piece of history that the entire family can enjoy on the walls of each of their homes. No restoration is too big or too small for our digital artists at Johnson Photomaging. Bring your images to JPI today for a free evaluation and estimate. Starts at \$25 for minor work. Prints, Discs, & other services are extra.

JPI's GRAPHIC ARTS DEPARTMENT

Our artists, Mike Faron and Shelby Westlake, work hard to fulfill our customer's needs. Along with performing some of the best digital restoration in the area they create birthday and graduation announcements and thank you cards. Our digital artists are experts at creating advertising pieces for your business and personal events. We create flyers, posters and mailing cards for you to promote your business or event.

Movie Film Information

Our technicians will clean, repair damage, edit unexposed sections (5 sec. or more), and splice your film onto a 400 foot projection reel. We will add titles (limit 1 every 200 ft.) and musical background at no extra charge. Regular 8mm, Super 8, and 16mm films, with sound or silent, can be transferred. Approximately 1,600 feet of 8mm or 3,200 feet of 16mm can be transferred to one DVD. All you need to do is number your reels of film in the order you wish them to appear and indicate on the order form where you want the titles.

VIDEO SERVICES

Slide Transfer Information

Using our exclusive PV Digital Technology, your slides are digitally transferred onto a DVD. Each image will smoothly dissolve into the next image at 8 second intervals. Approximately 800 slides can be transferred onto one DVD. Please number and rubber band them securely in stacks of 50. Indicate the titles you wish on the backside of the order form. Limit one title for every 30 slides. Music can be added at no extra charge.

Photo Transfer Information

Using our exclusive PV Digital Technology, each image fades into the next. With photos, we individually compose the subject to fit the TV screen. Any size photos up to 11x14 are accepted. Music can be added at no charge. Please number each photo on the backside. It is always best to use a soft lead pencil. Indicate the titles you desire on the order form. Limit one title for every 30 photos.
