THEFT DETERRENT PROTECTION PLANS FROM EDS PROVIDE REAL FINANCIAL HELP WHEN YOU NEED IT MOST!

Over a million vehicles are stolen each year in the United States. Most are never recovered, or are recovered with extensive and costly damages. Since most people carry a significant deductible on their insurance policy, auto theft can result in substantial out of pocket costs to vehicle owners.

Plan for the unexpected with Theft Protection from EDS! With our theft deterrent system, tamper-resistant labels with traceable security codes are permanently installed on various parts of the vehicle and recorded in our system, along with vehicle/owner details. Regardless of whether stickers are removed, codes remain – invisible to the naked eye but visible under a UV light. When law enforcement calls the number listed on our deterrent stickers, we can help identify the vehicle/vehicle owner. Anti-theft warning decals are also affixed to windows, which prominently display that your vehicle is protected by AutoShield. Together, the system is proven to protect vehicles from professional thieves.

And in the event our Theft Protection system fails to deter the theft of your vehicle, we'll provide you with easy-to-use financial benefits to help offset the costs of replacing your stolen vehicle!
