Bookstore in Venice

Abbot Kinney shopping

Curated by Marine & Leran Hadar, Shop owners

Why I go It's more than a bookstore, it's a spiritual store. They sell books, but they also sell things like tarot cards, crystals, jewelry, and more. Leran recently walked out with prayer beads and a crystal. It's a really fun place to get lost in, and very Venice.

What to know They offer classes and seminars and have spiritual teachers. You can also book an appointment with a healer. I, Marine, went in there to buy a stone and saw that there was a spoon-bending class, and signed up for it. We only have 12 usable spoons left in our kitchen!
