Actress Halle Berry and her fiancé Olivier Martinez were spotted on Friday afternoon enjoying a casual stroll along trendy Abbott Kinney Boulevard in Venice, California. The two popped into a few stores to do some browsing while soaking in the sunshine.

Halle also stopped in **Mystic Journey Bookstore** where a witness says she may have received a psychic reading. Berry also picked up a copy of "Love Is in the Earth", a book about the power of Crystals. The Mystic Journey Bookstore is the same store actress Zoe Saldana was photographed in the immediate days after calling off her engagement to ex-partner, Keith Britton. Oddly enough, several celebrity photo agencies have offices on Abbott Kinney Boulevard, which means Halle and Olivier were hanging out right in the paparazzi's backyard.
