Our Mission

At **Gentry Health Services**, we are an actively involved care partner helping to create a pathway to better health for our patients. Our team of professionals are committed to the highest standards of quality, safety, and convenience in the services we provide with the goal of delivering positive clinical outcomes and 100% patient satisfaction.

What can you expect from Gentry?

Convenience

Gentry will deliver your medications to you or a preferred location of your choice, including your doctor's office.

Individualized Support

We understand the challenges people with complex health conditions face in trying to manage their unique and often complicated medication regimens. We aim to simplify their lives and will regularly follow up with you. Our patient care coordinators will work directly with you to ensure adherence and improve patient outcomes.

Insurance Verification

Our team will assist you with verification of benefits, claims processing, and prior authorizations. They can also assist with co-pay and financial assistance programs.

24/7 Assistance

Our expert staff is available for around-the-clock support. You will always have access to a clinician 24 hours a day, 7 days a week, to answer your questions regarding your specialty medication therapy.

Collaboration with your physician

It is important to us that we serve as a valuable extension of your physician's office. Our staff keeps them informed of your progress — we will let them know right away if you are facing any difficulty with your treatment or experiencing uncomfortable side effects, so you do not have to face it alone.
