## Preventive Health Services

In response to the Women's Preventive Services Act, certain birth control medications will be covered at a zero (\$0) co-pay. Some medications may require specific criteria to be met as listed below.

### **Please Note:**

In the event that a member is requesting coverage for a birth control product not on the below standard coverage list, then a prior authorization would be required and the plan would make the determination of coverage. If approved, the medication or item will be covered at 100%. Medical Necessity may include considerations such as severity or side effects, difference in permanence and reversibility of contraceptives, and ability to adhere to the appropriate use of the item or services.
