

## SILO ARTISTS ANNUAL MEMBERSHIP

Have you purchased your annual Silo Membership yet? Designed to build and support our glass artists, the \$45.00 annual fee entitles members to:

- Free mold library lending. Members may check out mold/s (for a maximum of 2 weeks) from our extensive mold collection. Some molds are reserved for studio use and not available for lending. **(Non-members will be required to pay a deposit for mold lending.)**
- Free Vitrigraph pulls. Members may take away what they pull from any scheduled Vitrigraph sessions – adding to their “kit box”.
- Artist’s Supplies – Members receive a 10% discount on any (non-glass/Bullseye) purchases from our extensive collection of artist’s supplies, equipment and materials.
- Free Kiln/Firing schedule training – Supporting members with home studios.
- Members receive a 10% discount on display stands.
- Members receive a 10% discount on any “in-house” classes.

Membership renewals will be in December **annually**. Artists signing up through November 2023 will have a renewal date of December 2024, but will immediately begin receiving the benefits of membership.

*The artists who work in our studio, or consign their work to us, do so with the assurance that their copyrighted material will not be duplicated by anyone else. Obviously, if another artist uses their piece as an inspiration or a guide to a new process, we have no control over that. However, we would ask that you **NOT** photograph other artists’ work and if work is seen in any other gallery that is substantially like the work of any of our artists, we will remove that member from our membership rolls with no refund or reimbursement of their annual fee. Thank you for your cooperation and helping us value our artists.*

### Silo “Loyalty Card”:

If you purchase glass products from the Silo at other times than our quarterly orders, be sure you have a "Loyalty Card"! The current card should show July 2023 on the bottom right corner. and reflects the current discounts for purchasing in-studio Bullseye Glass products on the reverse of the card. If you do NOT have a card, or the current version, please visit Silo Gallery and Glass Studios to get your card or updated copy. We would be grateful if you **keep this card in your wallet** to present, if requested by Silo staff, so you may receive Bullseye Glass discounts. Those Artists signing up for Silo Annual Membership will also receive a current sticker on the card, to enjoy additional discounts and benefits.

### WHEN DO YOU BUY YOUR GLASS?

We order glass from Bullseye four times per year. If you order when we do, you receive a discount of 50% off the retail prices in the Bullseye Catalog (on anything with a blue "V" next to the item.) There is also a shipping charge of 5%. Your discount when buying directly from the studio is based on the dollar amount you spend, so to receive a 50% discount on in-store

purchases, you would need to spend \$1,200 for glass supplies. By ordering what you need when we order, it also helps us! Our stock of glass can remain stable rather than fluctuate, particularly on popular glass, stringers, ribbons, and frit colors. We order quarterly, check the newsletter for the next order date. Mark your calendar!

Thank you for helping us help you!
