

AGRIBUSINESS WINDOW CHALLENGE

Your business project will need to address the following challenge to be eligible to be considered for the Agribusiness window of the Malawi Innovation Challenge Fund competition:

The MICF challenges firms to introduce new initiatives that could:

- Deliver new products, services, and business models that incorporate raw material produced by poor producers either in the processed or semi-processed form into their business activities to deliver value addition exports or import substitutes; or
- Improve the potential for mechanization within agriculture either through the development of suitable products or the application of technology to increase farm productivity and efficiency; or
- Support renewable energy production and/or conservation of the environment through the recycling of agriculture by-products in a sustainable manner.
