

Elemental Reset- 3 Day Continuum Immersion

June 23-26

We will gather on Thursday early evening and wrap up Sunday afternoon.

Our time will be spent in a home (there are also camping options) along side Chalk Creek outside of Buena Vista, CO.

The property offers the gift of access to Earth's deep waters, a natural hot spring pool!

There will be time to drop deep together, calling on, surrounded by, and moving as the elements.

It will be a time to let ourselves remember, be nourished, be moved, and inspired through our shared field and elemental being-ness. We will have sacred ritual, extended dive time, silence, and opening ourselves to listening deeply, as well as sharing with our small group.

Early bird pricing ends April 15th.

Everyone who attends must be registered by May 18th.

Email Kori at kori@myfluidnature.com for details.

Space is very limited and will fill on a first come first serve basis. There are single room, shared room, and camping opportunities on property.

****Continuum experience is required for this immersion.***
