Owner's comments	NEC ASPERA TERRENT was one of the newest built boats for 2019 TWAC. I enjoyed every moment that I spent on her. I'm almost 100% certain that she moved faster than a solo rower in an R25 pair, under the same wind conditions, whilst neither rowers were rowing.

Rannoch Adventure comments	This boat is hull no 3 of the purpose built solo boats. It has all the latest thinking from Rannoch and represents the standard production version for the R25 solo. A very good example with little use outside its successful crossing.
