DIGITAL SIGNAGE

Carousel is digital signage content management software that allows you to quickly create, publish and manage your messages.

Sign up, connect your favorite media player
and instantly start displaying your content.

GOOD SAMARITAN D

☺
GOOD MORNING!
11:02 AM

NIVERSITY IS CLOSING
TO SEVERE WEATHER

Create
Content comes in all forms from text to images to video.

Schedule a news feed for your lobby, integrate a calendar for your breakroom or create a message of your own for all to see in your common areas.
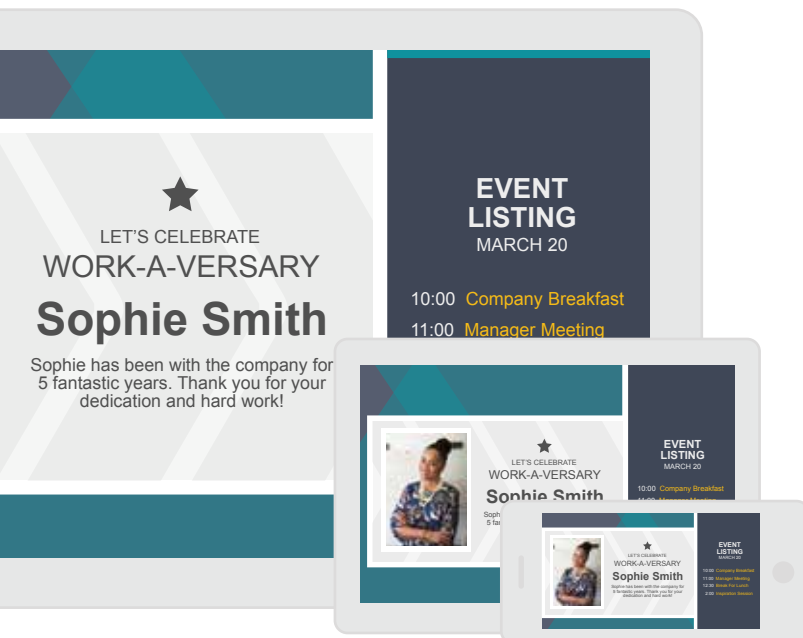

Collaborate
Collaborate and keep looking consistent.

Carousel's approval workflow will hold content created from users until an administrator approves it so nothing goes out the door unexpectedly.

Communicate
Deliver location specific communications.

Deliver urgent, location specific, visual communications to your teams: wherever they are in your facility. Make sure everyone feels welcomed, informed, and connected in their space.

LET'S CELEBRATE
WORK-A-VERSARY
Sophie Smith
Sophie has been with the company for 5 fantastic years. Thank you for your dedication and hard work!

EVENT LISTING
MARCH 20

10:00   Company Breakfast
11:00   Manager Meeting

Multi-Use Devices
Reach your audience everywhere.

Visual messages across multiple devices is the best way to communicate. Reach employees throughout your facility in many locations with screen savers, your website, tablets and slack!
