Clear Communication in Corporate Starts with Carousel Digital Signage

Easy to Deploy, Create & Expand

Carousel is a cloud-based digital signage software that integrates with the best media player technologies, which means it's easier than ever to install and expand. Your team can create and collaborate on messaging so you have a diverse, fresh set of content with different perspectives. Log in, choose a template that's right for you and start sharing your visual communications immediately!

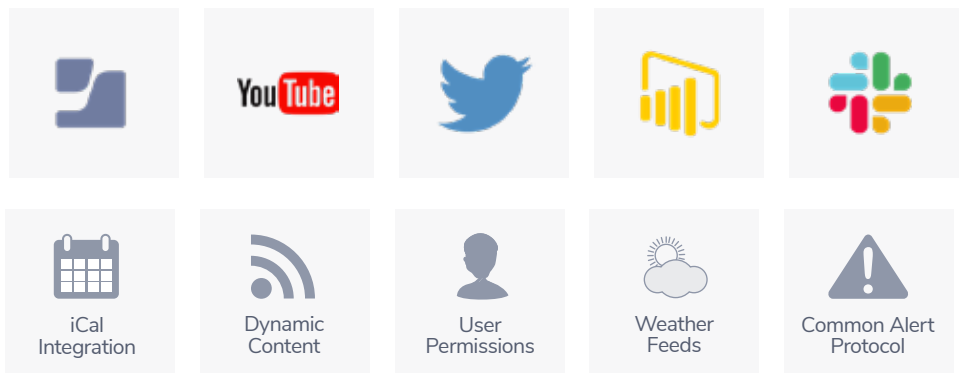

Strengthening corporate communications

Carousel helps Midwest company TriOak Foods clearly communicate industry and company news across five locations and an internal company website.

"Digital signage has helped us achieve our goal of communicating as one company across five states. We can now speak directly to all TriOak employees across all locations and through a company website."
