

# Clear Communication in Retail Starts with Carousel Digital Signage

## Easy to Deploy, Create & Expand

Carousel is a cloud-based digital signage software that integrates with the best media player technologies, which means it's easier than ever to install and expand. Your team can create and collaborate on messaging so you have a diverse, fresh set of content with different perspectives. Log in, choose a template that's right for you and start sharing your visual communications immediately!

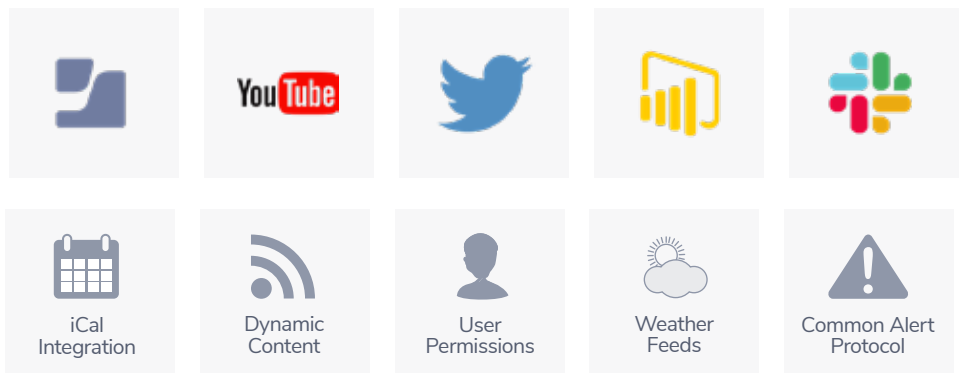

## Simplify Employee Communications.

Carousel helps McDonalds communicate training updates to employees along with referral programs, college tuition programs and employee recognition notices with an eye on potential expansion into customer-facing areas.

**"The goal of our digital signage is to increase crew retention, provide engaging content and celebrate each other. We can now provide a consistent message across all our stores so that everyone sees and understands the same benefits, incentives, and messaging."**

## Software Integrations, Features & Supported Media Players
