

Clear Communication in Manufacturing Starts with Carousel Digital Signage

Easy to Deploy, Create & Expand

Carousel is a cloud-based digital signage software that integrates with the best media player technologies, which means it's easier than ever to install and expand. Your team can create and collaborate on messaging so you have a diverse, fresh set of content with different perspectives. Log in, choose a template that's right for you and start sharing your visual communications immediately!

Keep employees feeling safe and informed.

Nick Wenner, co-owner of Pallet Service Corporation, believes that to keep employees happy, you must ensure they are informed and invested. That's why he communicates with teams dynamically through Carousel digital signage.

"The manufacturing space is missing things like Carousel Digital Signage. Hopefully these stories spread and help others in the industry feel supported so they can achieve these goals."
