Greetings GRuB Friends,

It’s that time of year again when I think about what nice weather is doing to our community garden programs. And I’m thinking about what nice weather is doing to our community garden programs. It’s been a beautiful spring, and I’m looking forward to seeing our garden plots filled with flowers and vegetables soon. In the meantime, we’re preparing for the official start of our garden season and looking forward to making this another successful year.

We’ve made some exciting changes this year, including expanding our outreach to more neighborhoods and increasing our support for local schools. We’re also working on some new projects, such as a community garden in a local park and a school garden in a new neighborhood. We’re planning to bring together passionate school gardeners who can help us create a more diverse and inclusive garden community.

As always, we’re grateful for the support of our partners and donors, and we’re looking forward to seeing your support continue to grow.

Sincerely,
