

NOTICE

- The lights do not come on automatically. A manual timer is located on the wooden pole at the other side of the far court.
- Lift the box cover and turn dial to the desired amount of time. Once the timer is activated the lights will not turn on until approximately 1/2 hour before dark.
- Check the timer before play to add time as needed. The lights will go out at 10:00 p.m. regardless of the amount of time remaining.
