

UPDATE

Chip Seal Public Notice:

The City of Burkburnett would like to inform you that the City's annual chip seal program was scheduled to begin this morning as previously posted; however, the contractor conducting the program informed the City today that there had been a mix-up with dispatching the oil and is unable to deliver the product today.

The program will resume tomorrow morning at approximately 9:00 a.m. The City anticipates completion of the chip seal by the end of day tomorrow but due to the delayed start, may have some overflow work to complete Friday.

Thank you for your patience,

City of Burkburnett
Mike Whaley, CPM
