

# COVID-19: How we're continuing to keep our staff & customers safe

April 8, 2022

We are continuing many of the layers of protection to help our staff and vulnerable customers to feel safe in our stores.

**Face masks appreciated.** Although no longer required, we realize many staff and customers still feel more comfortable indoors when others are wearing masks. Disposable masks are available if you wish. Our staff will continue to wear masks (or face shields) for the foreseeable future.

**Feel unwell?** If you have symptoms of any virus, we encourage you to not visit our stores but to shop online instead. Our employees will also stay home if they have symptoms of illness. For this reason, they do not want to catch a virus that causes them to stay away from work, friends and family. Let's help keep everyone healthy.

**Physical distancing:** We kindly ask customers to be mindful of others personal space and provide safe physical distancing.

**Hand sanitizer** is available throughout our stores and we ask that you sanitize your hands upon entry, and before handling products.

**Protective plexi barriers:** Barriers are one of the more effective means of protecting you and our staff so they will remain in place.

**Cleaning:** We are continuing with our frequent cleanings of counters and high-touch areas using our detailed Cleaning Checklist. Employees are also continuing frequent hand washing or use of hand sanitizer.

**Ventilation:** All of our stores have HVAC systems that are well-maintained to ensure adequate fresh air changes in our stores.

**Shop online:** Free shipping (on most items over \$99) or pick-up in store. [www.kerrisdalecameras.com](http://www.kerrisdalecameras.com). Most orders will be shipped or ready for pickup on same or next business day.

**Washrooms** for employee use only.

**Our safety plan:** As BC business, we have transitioned from our Covid-19 Safety Plan to our Communicable Disease Prevention Plan in compliance with WorkSafeBC.

The past two years have been a tough time for everyone, and our hearts go out to those whose lives have been forever affected.

Be Kind, Be Calm, Be Safe.
