

RACE. DRIVER. EXPERIENCE.

The **ultimate** corporate day.

"What can I say, but sincere thanks to your team for a truly unforgettable experience today...to be taught how to drive these machines was a dream come true for my guests and the sheer brutality of the racecars was something none of us will forget."

Director, Aviva

READY. SET. DRIVE.

So you've been on corporate trackdays days before... but this is a step on: spend the day with 360 Racing and learn to drive a proper sports prototype racecar!

You and your guests will join the team for the complete **Race Driver Experience** at an iconic circuit of your choice such as Silverstone or Spa. Attendees will be taught how to drive a high-downforce racecar for a once in a life time experience they will never, ever forget.

Maximising driver development throughout the event, one-to-one tuition is provided from the passenger seat by our professional race driving instructors, rounding out with a 'hot lap' demonstration of what a sports prototype racecar is capable of. A religious experience.

EVENT. PACKAGES.

From £4,250 plus VAT for 2-4 guests and include:

- Breakfast on arrival, lunch & all day refreshments
- Hire of a Radical SR3 RS sports prototype racecar
- Dedicated professional race driving instructor
- Safety briefing, equipment and circuit fees

Options

Each **Race Driver Experience** can be tailored to your specific requirements from extra guests to additional racecars. Photography and in-car video document the day and are available at extra cost.

Please contact **Mark Owen** on +44 7767 622 252 to arrange your next event.
