<b>Value</b>	£150,000.00
<b>Programme Duration</b>	4 Years (Framework Agreement)
<b>Nature</b>	Asbestos Removal
<b>Client</b>	Lovell

## About The Project

As part of a Local Authority Housing Association refurbishment programme, Decontaminate were engaged on a Framework agreement to provide planned and reactive asbestos removal services to facilitate the ongoing improvement works. The Project saw in excess of 750 housing units undergo removal of asbestos to facilitate the 'Decent Homes' Initiative.

Materials removed:

- Roofs, soffits, fascias
- Floors tiles
- AIB removal from waste sheds
- Garage roofs

## Project Challenges

- Resident liaison and interaction
- Reactive attendance
- Out of hours attendance where required
- Security as a consequence of our works
