Project Title	Insurance Broking Offices
Value	£10,000.00
Programme Duration	10 Days
Nature	Asbestos Removal
Client	Sinclair Robertson & Co. Ltd

About The Project

Prior to commencement of this high-end refurbishment project for a leading insurance broker Decontaminate were appointed to remove nearly 300m² of asbestos containing ceiling tiles from throughout the ground floor. The upper floors of the building were to remain occupied throughout the works. The Decontaminate team safely removed the asbestos ceiling tiles and thoroughly cleaned the area enabling the refurbishment project to be completed without risk from asbestos exposure.

Materials removed:

- Asbestos insulation board ceiling tiles
- Asbestos dust and debris

Project Challenges

- Working in a partially occupied building
