

Electric Powered

ELECTRIC IN-LINE FUEL HEATER

AFPELLFH-260819

Fuel warmer with internal heat tape in the fuel hose. Before starting, thaw frozen diesel fuel in just 3 to 5 minutes.

Call Arctic Fox® for information on how the Hotline can work in conjunction with coolant heaters for complete fuel system protection.

Function

HOTLINE® is one diesel fuel heater with the guts to give you cold starts! On the road simply flip a switch, and within 60 seconds, HOTLINE® will begin eliminating fuel waxing which causes power loss.

Applications

Before starting, the **HOTLINE®** can thaw frozen diesel fuel in just 3 to 4 minutes, using only 2% of available battery capacity, before you start your engine.

Features

All kits are complete with all electrical components and wiring harness

Optional thermostatic shut-off available

Benefits

Modular design allows for easy installation and service

Works in conjunction with coolant heaters for complete fuel system protection
