Welcome to Tarbert

In what has been a very difficult time for everyone, the Staff and Trustees would like to extend a very warm welcome to those of you visiting Tarbert for the first time - we hope you will become as fond of this little fishing village as we are and visit time and time again. To those of you who are returning this year, a friendly welcome back!

We aim to make your stay as pleasant as possible and hope you will find this book informative and helpful, as well as give you a good glimpse of the happenings here.

Tarbert Harbour is naturally sheltered, and the Marina is in an enviable position for a number of reasons. Not only are our pontoons within an easy strolling distance to the heart of the village – where you will find a selection of restaurants, bars, shops and galleries all open and ready to welcome you (albeit under strict Covid-19 restrictions); you will also find a natural larder of exquisite seafood, with famed scallops and langoustine caught daily and available for you to sample in the various local establishments.

The fishing heritage is an important part of the personality here. From fishing tales and controversies to Vikings and Robert the Bruce, Tarbert is steeped in history, while greater Argyll and Kintyre is an equally rich backdrop. So, as we encourage you to explore outdoors by land and sea, do so with a nod to nostalgia.

As much as we honour the past; it is significant that we develop and improve. We are proud to strive continually to advance the Marina and Harbour. The past few years has seen a numerous changes to the Marina with our fantastic new facilities; including the freshly built Toilet/Shower/Laundry Block, Marina Office, Reception/Chandlery and Waste Facilities. We also have newly installed a Pump-Out Station and a Water Back Flow Protection System. In 2020 we saw the much-needed extension to the current car parking facilities completed, with 20 new parking spaces and the installation of two electric charging points for cars.

Regrettably all Tarbert festivals for 2021 have been cancelled, but it is hoped will return for the 2022/23 season even bigger and better. If you would like to be kept up to date with various developments, news and future events, then please do visit our website www.tarbertharbour.co.uk, and follow us on Facebook (Tarbert Harbour), Instagram or Twitter (@tarbertharbour). Similarly, we value your feedback, so please do not hesitate to submit your comments to us in person or via any of the channels above.

In the meantime, on behalf of us all here at Tarbert Harbour, I would like to wish you sincerely, a wonderful and safe stay.

Earra Gael Craft Shop

Location

APPROACHING BY SEA...

East Loch Tarbert is situated on the western side of Loch Fyne, across from the stunning resort of Portavadie, and north from the Isle of Arran and sounds of Bute.

The entrance to the harbour is easy to navigate at all states of tide. In the closer approaches, Madadh Maol (a drying reef extending northwards from the southern shore of the loch) needs to be left well off on the port side. Its extremity is marked by a red light column (FL.R.2.5s), vessels should not pass close to the light structure, and there is plenty of deep water to the north of it.

Starting from a point around 100m north of the Madadh Maol light beacon, a south-westerly course goes through the main channel south of the Eilean a 'Choic (Cock Island). This channel is less than 100m wide. Reefs projecting from the south of Cock Island are marked by a green light post (Q.G), which should be kept to starboard.

Once past Cock Island, the visitor leg of pontoons is on the starboard side and will be visible – you can aim for these but leave the green

buoy (VQ.G) to starboard. The visitor leg **A** can accommodate boats up to **12mtrs**, if your vessel is larger than 12mtrs please radio **VHFch14** or call **01880 820 344** to be berthed. Should you arrive out of office hours, larger vessels should proceed to the long pontoon parallel to the shore, or any available T-Head. An alternative route to the north of Cock Island and the drying reefs and rocks of Sgeir Bhuidhe will be seen on the charts, provided for those intrepid enough to try it. Visit our website or Clyde Cruising Club for detailed information on these sailing waters.

ARRIVING ON LAND...

From Glasgow: follow the M8, over the Kingston Bridge; turn off at J30 for the Erskine Bridge. Cross the bridge and follow the A82 through Dumbarton and up the side of Loch Lomond heading towards Arrochar. Pick up the A83 at Tarbet and follow signs for Campbeltown. Travel through Inveraray, Furnace, Lochgilphead, Ardrishaig and eventually in to Tarbet.

The main public transport link is the 926 bus which runs from Glasgow to Campbeltown. Alternatively, the regular ferry service from Portavadie to Tarbet connects us to the Cowal peninsula.

Combined Harbour Reception and Chandlery

The staff here are delighted to have combined our new Reception and Chandlery.

Expect a warm welcome at Reception when you register, whilst browsing the Chandlery to see what it has to offer. Please do not hesitate to ask Reception questions about what's going on locally or even share your sailing stories with us – we'd love to hear them!

We aim to cater for a sensible range of boating and yachting needs, stocking a selection of brands and products: including Crewsaver lifejackets and Marlow rope – as well as some souvenirs and memoirs of Tarbert Harbour!

Berth holders and locals alike are encouraged to discuss their needs with us – we are more than happy to source and order a specific product for you if we don't hold it in stock.

AT WILLIAM DUNCAN, our 'Fyne-ly' trained professional crew won't view your business through the wrong end of a ship's telescope. We always prefer to see a much bigger picture.

We know that accounting is not plain-sailing for many clients which is why, based in Tarbert, we aim to provide a safe refuge from the stormy seas of accounting and tax regulations. We don't like to see our hard-working clients floundering with those twin perils so we take the helm and carefully navigate them through often uncharted waters. We also have additional resources to call on through our 'Scottish Series' of network offices in Campbeltown, Glasgow and Ayrshire.

We like fishing for new clients in all sectors and our Crew Share a lot in common with our clients. We are continually investing, sewing the seeds of innovation, to assist our clients to reap the full benefits of their hard work. Furthermore, we certainly don't walk around with our head in the clouds (unless you are interested in learning more about our modern, user-friendly, Cloud-based accounting systems).

We do think differently and we know we can help you so please call Iain or Susan.

Marina Information

HARBOUR OFFICE & CHANDLERY RECEPTION

Throughout the season, office hours are 9-5pm, Monday to Sunday. Visiting vessels are asked to contact the Harbour Office prior to berthing (VHF Ch14) and register at the Harbour Office upon arrival.

Should you arrive out of hours: vessels up to 12m can proceed to any vacant finger berth on Leg A; larger boats between 12 and 14m can berth on Leg F/G, or on the East Main Leg parallel to the shore; while those longer than 14m can also proceed to the East Main Leg or any available T-head, although reservations are necessary; please email info@tarbertharbour.co.uk or call us on 01880 820 344.

During the quieter winter months, out of season and weekend hours are restricted. In this instance, check the notice on the harbour office door, or call the duty officer on 01880 820 344.

BERTHING

Quality sheltered pontoons provide berthing for over 200 boats, including 600 metres of parallel pontoon and space for vessels of 15 metres or more. Free electricity, Wi-Fi and water are available on the pontoons.

Reservations are taken for vessels over 14m, and arrangements can be made for persons on board requiring special assistance. Please radio VHFCh14 prior to berthing or call the Harbour Office. Please be aware that during busy festival weekends, rafting may take place.

MOORINGS

Swinging moorings are available within the inner north side of the harbour. Please direct enquiries to the Harbour Office.

VESSELS AFLOAT

Our financial year operates from April to March, and annual berth holders will be invoiced accordingly. Summer berths are available between April 1st and September 30th, and winter berths from October 1st to March 31st.

VESSELS ASHORE

During the winter months, the car park is used as a storage area for customer vessels which are lifted out around October and back in during March. Owners requiring lift out/in must be present on the day, supply their own cradle and only boats up to 12m can use the crane.

FUEL & GAS

Diesel is available from the fish quay Mon-Fri, 09:00-16:00, and on prior arrangement at weekends.

Petrol is no longer available in Tarbert. The nearest stations are in Clachan (11 miles south) and Lochgilphead (14 miles north), or across in Portavadie.

Calor Gas is available from the Chandlery.

TOILETS, SHOWERS & LAUNDRY FACILITIES

The toilet and shower block building is open 24 hours (please do not use your vessel's WC in the marina). Laundry facilities are also located within this building – the washing machines and driers are coin operated. Please ask for the code to access the facilities at Reception of the Harbour Office.

ELECTRICITY

Blue Rolec bollards situated on the pontoons provide electricity to all vessels. Visitor berths are readily topped up, free of charge. Electric cards can be purchased from the Harbour Office.

WI-FI

Free Wi-Fi is available to all visitors and berth holders in the marina. Join the network (TarbertHarbour_Wi-Fi) and follow the instructions to get connected. The service is provided by WIFISPARK, who can be contacted for support via their 24/7 helpdesk (0344 848 9555). If you have any issues connecting to the server, we have been advised that you phone WIFISPARK directly.

PETS

Pets should not be allowed to foul the pontoons, recreation area, car park or grass areas within the harbour. Owners are encouraged to exercise pets away from the site itself, and make use of the bag dispensers provided along the walkway to keep the area clean. Dogs should be kept on a lead whenever they are not on board the owner's vessel.

RECYCLING AND GENERAL WASTE

Please help us to help the environment! We take recycling very seriously and would be grateful of your co-operation, so please use the recycling bins provided (marked plastic, paper, glass). General waste bins are also provided and you can find these bins beside the Harbour Office. Waste oil can be disposed of in a container beside the Harbour Office. Please enquire at the Harbour Office regarding the disposal of batteries. The token operated pump-out berth facility at Jake's Quay became operational in February 2019.

OTHER

Keys – The Harbour Office can act as key holder for any vessel.

Luggage & Equipment Transfer – Trolleys and barrows are available.

Fire – In the unlikely event of a fire, pontoons must be evacuated and sailors should make for the recreation area for further instruction. Vessels are required to provide adequate fire extinguishers.

Security – CCTV covers key areas of the pontoons and facilities.

Lifejacket Locker Storage Facilities – Call the office for more information.

Tarbert Harbour Authority

Tarbert Harbour Authority is a trust port established by an Act of Parliament in 1912. It is an independent statutory body governed by its own legislation and guided by Government Code of Practice. The governance of the Authority is undertaken by a board of eight trustees, four of whom are elected by the local community, three of whom are appointed and the eighth member is the Harbour Master and Port Manager.

The Authority is a not for profit organisation recognised as a social enterprise. The Authority is like any other self financing business – dependent on cash flow and profits for its successful operation. All surpluses are reinvested to ensure that the facilities and infrastructure are properly maintained and improved for the benefit of its users. The Authority also works closely with the local community, supporting local events and providing benefits for its stakeholders through improving the leisure facilities and amenities.

Fishing Heritage

The fishing industry here was well established by the 1800's and this heritage village was arguably built on herring. The controversial ring-net method was developed by local fishermen, and became lethal in its efficiency, causing concern to the authorities who outlawed its use for an 8 year period. However, it was legalised again in 1867, and used for many years to come. By 1921, there were approximately 40 pairs of skiff vessels engaged in fishing, using the method. Soon Harbour Street became lined with 'Farlans' – purpose built, salt-filled barrels – and women who gutted, cleaned and cured the catches as they landed.

Larger trawler vessels eventually replaced the skiffs, and methods began to change. Restrictive laws and a natural decrease in herring numbers in the latter years of the 20th century lead to an industry downfall, and the local fishermen turned their attention to catching the more lucrative shellfish.

Today, the fleet remains healthy and active, and still plays a pivotal role in the local economy and community. The majority of the vessels catch prawns, which are enjoyed in local establishments and across the country and beyond.

A walk along the harbour-side will enlighten you further on the commercial activity of yesterday and today. Look out for historical information plaques along the way, spot the two skiff boats at the head of the harbour, and admire today's fleet on the quay side.

Food & Drink

Not only can we boast the natural larder of Loch Fyne, but the Marina at Tarbert Harbour also has the added convenience of being situated at the heart of the village.

In just a short walk from the pontoons, you have access to a selection of bars, restaurants and cafes – and even a new whisky shop! You can sample drams from nearby Campbeltown, Islay, Arran and Jura, and choose a bottle to bring back on board.

Whether you're looking for a strong morning coffee and full cooked breakfast, a wholesome bowl of soup, hearty pub lunch, Sunday roast, or exquisite shellfish platter and champagne...Tarbert can provide. Or maybe you'd prefer takeaway fish 'n' chips and a cold, refreshing pint of beer? No matter your mood, dress code or budget, there's something for everyone.

For picnics and meals on board, both the Deli and Larder will have something special to add, and quality produce can be picked up from the local butcher and fishmongers. You could even take some of our famous Tarbert prawns away with you to enjoy at home!

For those who would like a quiet night on board with their own cooked meal - you can visit our local Co-operative for food and drink which is open from Monday to Sunday (7am – 10pm). It is only a short walk along our scenic promenade: the first strip of shops you approach.

Festivals & Events

Tarbert is host to a wide variety of festivals and events each year, each with its own charm and personality, and all celebrating different elements of local culture. Most are organised and run by key enthusiastic members of the community, and some draw larger crowds than others – the marina repeatedly accommodates over

100 visiting vessels for the Seafood and Music Festivals, so we always advise early arrival to secure a berth for these!

For a full festival calendar with specific dates and further information on all events, please see the website: www.tarbertharbour.co.uk

THE SCOTTISH SERIES

Organised by Clyde Cruising Club, this prestigious annual yacht racing competition is one of the largest in the UK, and attracts competing crews from across the country. Tarbert Harbour Authority works closely with the organisers to ensure that we accommodate a fun-filled weekend for everyone. This includes - shoreside entertainment and a bustling atmosphere in all the pubs, makes it a fun-filled weekend for sailors and spectators alike – and a great way to kick off the season! This will be returning to Tarbert in 2022, on the weekend of the 3rd-6th June. www.clyde.org/scottish-series

THE SEAFOOD FESTIVAL

A true veneration of the wonderful fresh produce we are surrounded by here, this two day event is a firm favourite with the locals, and enjoyed by all ages. Harbour Street becomes a hive of activity; lined with stalls offering local delicacies, live music, and even cookery demonstrations and competitions at the fish quay. Children are kept easily entertained with the fancy dress parade, crowning of the Seafood Queen and her princesses, and marvel at the local business' window displays – all pertaining to a theme. Don't miss 'Beer on the Pier' on Sunday, with live music and dancing all afternoon. This will be taking place in 2022 over the weekend of the 2nd-3rd July. www.tarbertfestivals.co.uk

THE VIKING FESTIVAL

Tarbert is rich in Viking history, and every second year, fancy dress and merriment are the order of the village and everyone is welcome and encouraged to participate! Our resident Vikings re-enact the steps of Magnus Barefoot in 1093, carrying the Viking long-ship (hand crafted by locals) in procession from West Loch to East Loch. Battle re-enactments take place at the castle, as well as archery lessons, skirmishes, stalls and music, and the recreation area transforms into a mock Viking village demonstrating historic techniques and crafts. The evening sees more music and dancing, fireworks and a spectacular display of shooting fire arrows. The next Viking festival will take place in 2022.

TRADITIONAL BOAT FESTIVAL

Flag-decorated traditional boats fill the marina for the weekend, having sailed in from all over the UK. Bring your own boat and showcase its story to like-minded owners before heading to the recreation area for refreshments, traditional crafts and perhaps a shot at the 'Greasy-Pole' competition! Free community BBQ and live music take place in the marquee in the evening. This will return in 2022.

THE KILBERRY LOOP SPORTIVE

With the ever increasing numbers of cyclists enjoying the wonders of Argyll, Tarbert has introduced The Kilberry Loop Sportive as one of Scottish Cycling's authorised events. The Sportive will start from the Isthmus Cafe, head north through Tarbert, on the A83 for approximately 8 miles before turning left onto the B8024, a quiet, single track road which has a variety of climbs with spectacular views over the Inner Hebrides, being Jura, Islay and Gigha.

TARBERT MUSIC FESTIVAL

Featuring on the festival calendar for decades, the full music programme attracts tourists to the village from far and wide. Award-winning bands Skipinnish and Manran have headlined the Quay in the past, while a wide range of musicians take stage in the hotels, pubs and restaurants across the weekend, creating a vibrant, buzzing atmosphere. Relatively new to the programme are Feis an Tairbeirt, who provide traditional music tuition to youngsters and adults alike. Look out for the line-up being released online in the summer months. This will be taking place on the 17th-20th September 2021. www.tarbertfestivals.co.uk

Also not to be missed

TARBERT FAIR

Hailing back to the Cattle Market days, this long standing fair has been whirling into town since 1705.

TARBERT BOOK FESTIVAL

For the literary minded – meet famous authors, listen to readings, attend signings or even compete in the writing competition.

THE CHRISTMAS FAIR

Carole singers bring in the festive cheer as the village lights are switched on, and Tarbert Arts and Leisure Centre (TALC) hosts craft stalls, refreshments and Santa's Grotto. Local shops also open late.

Flotillas and Musters

Unsurprisingly, Tarbert is already a popular spot for sailing club events and musters. Our unique recreation area with community marquee is the perfect gathering point after a day of cruising or racing!

Whether you'd like to host an informal welcome reception, a prize-giving, BBQ or live music event, we can assist with the arrangements free of charge, as well as put you in touch with potential local suppliers, caterers and musicians. The wealth of establishments in the village also make Tarbert a great social destination, with hotels, pubs and restaurants also available to welcome your flotilla party.

What's more, if you cruise in company, you can make savings on berthing, with a 10% discount applied to all groups of 4 or more boats. So, it is not only ideal for large flotillas, but also suitable for smaller friends and family gatherings – with the added bonus of the games area and kids outdoor gym for the little ones to enjoy.

If you would like to use the recreation area and community marquee to host your event - whether local to the area or organising a sailing muster to Tarbert - please get in touch! We are now taking a £50 deposit for the use of the marquee which you will be given back after if it has been left in appropriate condition..

Explore Outdoors...

EXPLORE

Whether you're an adventure seeker or an aimless wanderer, there are numerous outdoor pursuits to enjoy in and around Tarbert – and look out for the local wildlife as you do!

Stretch those sea legs with an easy amble around the harbour and along beyond East Pier to **Shell Beach**: a tiny cove made up entirely of broken scallop shells, overlooking Portavadie. Head in the opposite direction, on the North side of the Harbour, through a forest trail starting at the end of Garval Road, and you will emerge on **White Shore**. Time your visit to this serene sheltered bay with low tide and you'll see why it gets its name – the pebbles lead on to pure white sands. Ideal spot for a picnic or even a swim! An afternoon trip to **Skipness** is nice for a wander around the estate, castle and along the beach overlooking Arran, and is easily accessible by car or bus. Visit the (Seasonal)Skipness Seafood Cabin, whilst you're at the estate, to taste their delightful seafood.

Slightly more strenuous walks will lead you to the **Royal Castle of Tarbert** and to the top of the hill behind, via the **Corranbuie Trail**, providing breathtaking views of the Loch. This is also the start of the famous **Kintyre Way**, which winds its way along the peninsula

in sections, though is not for the faint-hearted! The route is also an adventurous **cycle**, as is the forty-mile **Kilberry Loop**, where your efforts will be rewarded by the jaw-dropping views of the paps of Jura.

Of course, there's always the option of a round of **Golf** on Tarbert's 9-hole course, or a game of bowls at the village **Bowling Club**, both welcome to visitors.

Stop in at the Harbour office reception for information on all of the above, plus more advice on activities in the wider Kintyre and Argyll area. You could, for example, take a trip to **Inveraray, Carnasserie Castle**, or even **Kilmartin Glen** – home to over 800 historic monuments. Alternatively, visit www.exploreargyll.co.uk or www.explorekintyre.co.uk for inspiration.

CYCLE

WALK
RUN

On Land & At Sea

Get back in, and on, the water with a number of day sails and exciting activities in the area.

Head out to West Loch to hire a **canoe**, try out **Stand-Up-Paddle-boarding (SUP)**, or learn to **wind-surf**. Alternatively, discover the **Argyll Sea Kayak Trail**: set off from East Loch Tarbert and paddle north up Loch Fyne to Ardrishaig, and even continue along the Crinan Canal.

If you prefer to immerse yourself, go **wild swimming** from many of the beautiful bays in the area, or book yourself a **Dive Charter** to get face-to-face with the wrecks, reefs and marine life of the Loch.

www.paddleargyll.org.uk, www.fyne-diving.co.uk
www.kayakmajik.co.uk

iPowerboat now offer their services here at Tarbert Harbour. They are slightly different to other training schools as their courses are run using a steel workboat making their training courses perfect for those in the commercial sector as well as leisure. Find out more information by visiting www.ipowerboat.co.uk

PORTAVADIE

Just 3NM across the loch from Tarbert is **Portavadie** Marina & resort. Treat yourself to a luxurious spa treatment in their excellent facilities, swim in the infinity pool, or dine in the on-site restaurant or cafe. This is also a good opportunity to get outdoors and explore some of Argyll's Secret Coast, on foot or by bike.

OTTER FERRY

Located on the eastern shores of Loch Fyne, **Otter Ferry** is just north of the Otter Spit, about 9NM from Tarbert. Ten moorings, and a pontoon for public use, are situated just beside The Oystercatcher bar and restaurant, making it a convenient lunch stop when cruising the loch.

LOCHRANZA

Head south from Tarbert (for approx. 13NM) to reach the northern tip of **Arran**, stopping at **Lochranza**. There are visitor moorings here, as well as a hotel, tearooms, golf club, whisky distillery and castle.

The Crinan Canal

You may have spotted Tarbert and The Crinan Canal on your television screens in 2016: both Penelope Keith's 'Hidden Villages', and 'Great Canal Journeys' with Timothy West and Prunella Scales, highlighted the magnificent 200 year old waterway and its historical significance.

The canal offers sailors a convenient link between Loch Fyne and the Firth of Clyde to the Sound of Jura and beyond. Affectionately known as 'Britain's prettiest shortcut', the nine mile stretch offers far more than just easy access to the world-class sailing waters of the west coast, with abundant scenery, wildlife and attractions along the way.

The sea lock entrance at Ardrishaig is just 10NM from Tarbert, and although it only takes around 6 hours to transit, the license allows 4 days so you can enjoy the passage at your own pace. Inland locks are manually operated, and spritely crew enjoy pushing the lock gates and winding the sluices. However, for smaller crews and the less energetic, assisted passage is available by telephoning the Crinan Canal main office number 01546 603 210.

The Crinan Canal is open throughout the year, except for seasonal closure around Christmas and New Year. For more detailed information, please seek out the skipper's guide via the Scottish Canals website.

All Aboard!

CALMAC

We are proud to be home to a Caledonian MacBrayne ferry throughout the year. By day, the regular hourly service connects Tarbert to Portavadie Spa Resort, and by night, you will find the vessel berthed at the fish quay. We are also within easy reach of ferry services to Arran, Gigha, Islay and Jura.

P.S. WAVERLEY

The last sea-going paddle steamer in the world stops in at Tarbert on a weekly basis throughout the summer months. Take a nostalgic cruise of Loch Fyne and admire the engine and scenery while enjoying refreshments. For tickets, please go to their website

www.waverleyexcursions.co.uk

CRUISE LINERS

As part of greater journeys through Scotland's lochs, Fred Olsen cruise liners *Boudicca* and *Black Watch* have visited in the past, and we welcome any other potential cruises too. Anchoring just outside the harbour, passengers of the grand vessels arrive in the village via tender to explore Tarbert and the surrounding area.

Marine Services

MARINE ENGINEERS & ELECTRICIANS

A number of local providers are available in Tarbert to take care of any marine engineering or electrical issues. Please ask at the Harbour Office for contact details.

SAILMAKER

Willie Leitch Sailmaker services are situated on Garval Road, behind the carpark. Please ask the Harbour Office for contact details.

BOAT VALET & MAINTENANCE

Internal and external maintenance services including, but not limited to: pressure washing, polishing, varnishing, painting, anti-fouling, gel coating, general cleaning and repairs. Please ask at the harbour office for details.

Environment

Tarbert Harbour Authority is committed to protecting the harbour, our beautiful surroundings and the wildlife within it. We encourage all harbour users, both on the water and off, to operate with great care for the environment, and ask our berth holders and visitors to reduce their impact as much as possible during boating activities.

Please use the following steps as a simple guide to best practice:

- Do not litter in or around the harbour, and take care to separate your recycling on board before making use of the individual bins provided for recycling glass, paper and plastics.
- Keep a reasonable distance from wildlife and avoid disturbance of their routine and habitat – in particular, please do not feed the resident swans or their young.
- Take great care when re-fuelling. Use a collar or Super Spout to minimise the risk of spillages or splashes, and avoid overfilling.
- Carry a spill kit on board in case of accidents. Do not use washing up liquid – this only makes matters worse by dispersing the spill in smaller particles. Please notify harbour staff should you encounter any fuel leaks.
- Conduct regular engine checks to prevent leaks into the bilge, utilise a bilge sock to absorb pollutants, and never pump out bilges in the marina.
- When berthed in the harbour, please use the on shore toilet facilities. It is against Harbour Rules to empty heads within the harbour (you must be at least 3 miles off-shore). For those with holding tanks, please use the Harbour's own pump-out station. Please enquire at the Harbour Office for assistance.
- Never pour away fat, oil or harmful cleaning products, and where possible, use products free of phosphates, ammonia and chlorine.
- Dispose of waste oil and used batteries by the harbour office – ask for assistance if necessary.

Thank you for your cooperation !

For extended advice on keeping our marine environment clean and safe, visit The Green Blue's website at www.thegreenblue.org.uk
