
SMT OASIS® Accessibility Policy and Statement

Last updated: October 13, 2022

SportsMEDIA Technology Corporation d/b/a SMT ("SMT," "we," "us" or "our") owns and operates the OASIS® application ("Application"). This Accessibility Policy ("Policy") informs you of our policies regarding accessibility of the Application.

Accessibility

We strive to make the Application and web interfaces as accessible and usable as possible, including striving to ensure that:

- All functions are available using only a keyboard.
- Users are given enough time to read and use content.
- Content does not include anything known to cause seizures.
- Help is available for users to navigate and find content.
- Most Images have alternative text (so if you can't see an image you can still read the text).
- Color contrast between the foreground and background is sufficiently strong.
- Text size may be adjusted according to user preference.
- Headings are correctly used.
- Links make sense by themselves (e.g., no links that just say "Click Here" or "More").
- A feedback link is available to provide accessibility feedback that SMT will review and use to drive accessibility improvements in future releases

Changes to this Accessibility Policy

We may update our Accessibility Policy from time to time. Therefore, we advise you to review this web page periodically for any changes. We will notify you of any changes by posting the new Policy on this page. These changes are effective immediately, after they are posted on this page.

DISCLAIMER OF WARRANTIES

We endeavor to provide the best service possible through the Application. However, due to unforeseen circumstances there may be delays, omissions or inaccuracies in content on the Application. THE APPLICATION AND THE INFORMATION CONTAINED IN IT ARE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS. SMT CANNOT GUARENTEE THAT THE SERVICE WILL BE UNINTERRUPTED OR ERROR-FREE.
