

OutBeyond

Education beyond the walls of the classroom

Proud to support

# Duke of Edinburgh.

OutBeyond can help your school or organisation plan, develop, coordinate and run the Duke of Edinburgh International Award program. We make it simple by working alongside your school.

**Let us run the Adventurous Journey or Residential Project component of the Award, making organising your Duke of Ed program easy.**

OutBeyond helped us coordinate our students International Duke of Edinburgh Award and their Adventurous Journey Camp. **They were very organised, handled all of the risk management** and provided us with a fully customised program that suited our students. **The leadership element of the program allowed for the students to work together like I have never seen before.** Our Tasmanian journey-based program was extremely successful!

**D. Pelsoczy**  
Duke of Edinburgh Award Coordinator

1

## School Support.

We offer in school, consultation discussions for coordinators wanting to establish the Duke of Edinburgh Award program, already running or thinking about developing new relationships with external providers in Outdoor Education and Experiential Travel.

2

## Adventurous Journey.

Our organisation can help run your Bronze, Silver or Gold Adventurous Journey camps. We can combine Practice and Qualifying journeys into one camp. Get in touch today to find out how.

3

## Residential Project.

(Gold Award Participants only)

The Residential Project offers Gold Award participants the chance to take part in a meaningful experience, incorporating a 'purposeful' project with an OutBeyond Journey-based program. Participants will join in both planning and delivery of their elected project, working closely with our Duke of Edinburgh Award leaders locally in Australia or internationally.

4

## Employer Program.

OutBeyond is a named partner of the Duke of Edinburgh Victoria office as an employer. We have formed this partnership to provide young people who have put in the tremendous effort, dedication and commitment of achieving their award with the opportunity to apply those skills in settings and environments that will help excel their careers.
