

## Mercedes Club

### Grilling Guidelines

We are excited for you to enjoy the Club Grills and we truly hope you find this amenity an enjoyable bonus to residency at Mercedes House. Below we have outlined the guidelines to reserving, cooking and cleaning the electric grills. We kindly ask that the grill guidelines are followed, as an additional fee of \$150.00 may be assessed should the grills be left unclean or damaged during use.

**For your safety these grills are operated by electric coils and digital temperature controls. These units cannot be used with any additional igniters such as charcoal or gas.**

#### How to Reserve the Grill:

- There are three grills, two grills are by reservation only and the third grill is first come, first served with a **2-hour limit on all grills**. From right to left numbered 1, 2, 3. Numbers 1 & 2 are by reservation, number 3 is first come, first served.
- Grilling Hours are from 11 am - 8 pm Monday – Saturday, 11 am – 7:30 pm Sunday, March 1<sup>st</sup> – November 30<sup>th</sup>.
- The grills can be reserved through the Mercedes Club OLS Website, the same way you can reserve classes and pool cabanas. The corresponding picnic table to grill is also included in your reservation.
- There is no rental fee, all grills are complimentary for a maximum of 2-hours and can be made up to 7 days in advance.
- Grilling reservations are offered in 2-hour increments. The 2-hour increments allow for 90-minutes grilling time and 30-minutes of clean up. Your grill will be assigned to you based upon availability of the time slot selected.
- Once your reservation is placed you will receive an email confirmation shortly thereafter.

#### How to Check in:

- You may check in to the Club Hospitality Desk 5 minutes prior to the start of your reservation and retrieve your cleaning supplies and tools and confirm you are ready for your reservation.
- The Club Hospitality Attendant will then turn on the power to the grill.

#### Grill Use Guidelines:

- **Power on:** Power on the grill by using the ON button located on the black pad on the center of the grill.
- **Setting the Temperature:** Utilize the up arrow to select the temperature that you would like to set the grill to. There are temperature guides to the right of these arrows that may be help to select the appropriate temperature. Once the temperature is set, the digital reader will display the current temperature of the grill and a beep will sound once the desired temperature is reached.
- **Grilling time:** Be careful not to allow grease or oil to drip into the grill. Grease and oil can pose a fire hazard with the coils in the grill.

- **Power off:** Power off the grill by selecting the OFF button on the digital display. The coils will turn off and the grill will begin to cool down. It is best to leave the hood up as the grill is cooling off. The cool off period can take up to 10-15minutes.

**Cleaning of the Grill:** We will provide you with a special grill brush that needs to be filled with water. After using the grill, turn it off and while the grill is still hot, use the special grill cleaning brush. It will spray water which causes steam and lifts grease making cleaning easier. The dish soap paper towels are also activated with water and should be used for the grill counter tops. Please wash all utensils before returning them to the desk on your check-out.

- **How to Check out:**
- 15 minutes prior to the end of your reservation, cleaning supplies and tools should be returned to the Club Hospitality Desk and you should confirm your check out.
